The average taxable value of a residence homestead in City of Kingsville last year was \$69,043. Based on last year's tax rate of \$0.80187 per \$100 of taxable value, the amount of taxes imposed last year on the average home was \$553.64.

The average taxable value of a residence homestead in City of Kingsville this year is \$71,207. If the governing body adopts the effective tax rate for this year of \$0.78669 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$560.18.

If the governing body adopts the proposed tax rate of \$0.84220 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$599.71.

Members of the public are encouraged to attend the hearings and express their views.
