

Kingsville Main Street Community Art Project: Sculpture on Main

What: A walkable art adventure, where you can get up close and personal with sculptures through a sustainable, ongoing sculpture on loan program to bring temporary, outdoor, revolving displays of public art for the enjoyment of Kingsville's residents and visitors.

When: Year-round, 24-7.

Who: A initiative of the Kingsville Main Street Advisory Board, this community art project strives to involve as many community players as possible in the project. Volunteers and organizations are encouraged to contribute their time, talents and money to make this project a success.

Where: The sculptures will be located downtown in a variety of locations.

Why: Why art downtown? To bring locals and visitors downtown to shop, eat and experience what downtown has to offer. To give tourists one more reason to visit Kingsville and help the economy along the way. To improve the quality of life for Kingsville's residents. These sculptures will be on display 24/7 and open to all to view at no cost. To establish a larger art presence in Kingsville that will inspire other art projects. Great cities have great art!
