3. **Public comments on items on or off the agenda:** None.
4. **Postponements/Adjustments to the Agenda:**
5. **Discuss and Consider Action to install a metal fence from Yoakum Avenue to Lee Avenue, west of the Pavilion on 6th Street.**

Brenda Joyas told the board that there have been some concerns from people that rent the pavilion on 6th Street and Yoakum. Two years ago, the City Manager approached the railroad, Union Pacific and asked if there could be a fence that could be put up. There was a temporary plastic, wrap fence that was being put but because of the weather and people pulling on it, it breaks down very often. Ms. Joyas continued and stated that if they had a permanent fence that would keep everyone safe without worrying about the fence falling apart. The City Manager approached Union Pacific to put up a fence in the area and they have agreed that a fence would be a good idea there for the traffic and for the people that rent the pavilion. On the pictures, provided to the board members, they can see the big space between Yoakum and Lee and where they see the stakes is exactly where the fence will be. Ms. Joyas stated that the type of fence would be the one matching the fence around the water tower which is adjacent to it. They are not sure if it's going to be aluminum or wrought iron, but it will be a metal type fence that will match the same design.

The applicant stated that it will be aluminum to match the fence around the water tower. Ms. Salinas commented that she was glad to see that Union Pacific would be pay for the fence and

installation. It's always been a safety hazard because kids could run to the street. The applicant stated that Union Pacific will be paying for permitting, construction, clean-up and everything. Tamara Brennan made a motion to approve the installment of a metal fence from Yoakum Avenue to Lee Avenue west of the Pavilion on 6th Street. Jeri Morey seconded. All in favor; none opposed. Motion carried.

6. Discuss and Consider Action on adding canopies and paint to the shopping center at 6th, Block 17, Lot 17-21 also known as 618-634 E, King Avenue, add an outside seating area to the east of building.

Brenda Joyas stated that ICC Gulf Coast Retail I LLC has recently purchased the property and so they are upgrading the property in many aspects. They have re-done the parking lot area which was an intense help because it had many holes. They have fixed that. Ms. Joyas stated that they are now focusing their attention on the building. They would like to paint it, add some canopies and then the seating area east of the building. On the pictures, they will see drawings for the canopies and how they will be installed. They will be installed in front of the doors in each building. Ms. Joyas stated that they are pictures that were presented from ICC of what the building looks like now and then the renderings of how they would like the building to look like in the future. Ms. Joyas commented that it really gives it a face lift on this building. Ms. Joyas stated that they have given the board color options that they are not too sure which one they're going to use but for sure, materials for the paint will be volcanic ash for the lower body of the building and then the oatmeal will be the upper body which are both neutral colors. Then the color tinsel which is like a very light blue for the bands, cornice, door, door and window trims. Ms. Joyas stated there are some other colors posted because they were not sure which colors, they would use for the canopies, but the applicant is on the call to represent the company. Ms. Salinas asked if it had been discussed with Ms. Joyas regarding the color, they choose will be within the ones that are acceptable within the Historic District. Ms. Joyas replied correct. Ms. Joyas added that he wants the colors that match the building, so it won't be neon colors because they don't match the color of the building. Ms. Joyas asked the applicant if they had any idea of what the colors are getting closer to? The applicant replied if they look at the paint swatches for the canopy colors, they believe that the deep-sea blue, that navy blue color that's on the exhibit 3 Weblon Coast Line Plus page and added that it would compliment the oatmeal and volcanic ash, which can be called beige and gray. The applicant stated that it would fit in with the Historic District. The overall color scheme will be beige and gray building paint and then navy blue for the awnings. Ms. Salinas asked the board if they had any questions. Ms. Joyas added that onto the right, the architectural drawings that the board members received would be the seating area for Dandy's it will be cemented in and around the area of the property line would be a wrought iron fence. The fence will be 4 feet tall, and the panels would be 6 feet wide.

Ms. Salinas commented that she could not picture the canopy between the sign of the present businesses and the top of the building. Ms. Joyas replied that if they look at exhibit 1, the canopies are right over the windows and doors, under the signs.

Jeri Morey made a motion to approve the addition of canopies, paint, outside seating area east of building and fence to the shopping center at 6th, Block 17, Lot 17-21 also known as 618-634 E. King Avenue. Tamara Brennan seconded. All in favor; none opposed. Motion Carried.

7. Discuss and Consider Action on addition and remodel of Henrietta Hgts, Block 2, Lot W/2, 22, 23, 24 also known as 614 W. Richard Avenue.

Ms. Joyas told the board that the applicant applied to do an addition on the back of his house and a small remodel. They would like to expand their home to be able to enlarge their kitchen, dining room, sunroom and add a master suite. The addition would be added to the rear of the home and the same width of the existing home and will expand to the rear of the property. Ms. Joyas added that the applicants included a letter that stated that in the front of the home they will not change the design besides updating and replacing the materials with hardiplank. Attached they have their application, letter of their explanation of what they are doing to their home, location, and pictures of how the house looks. They also have the addition of the colors, Hematite (dark gray) that the

applicants were going to use for the house and the trim white. The applicant replied correct. The windows are going to be hurricane rated vinyl from Jenn-Weld or Pella based on availability. Ms. Joyas asked the applicant if they were still decided which windows they were going to use? The applicant stated that they are not dead set on neither one of those, they spoke to the contractor and are leaning towards the one with the white grid. They match the ones they have currently. Ms. Joyas asked if it was the windows with the panes on both the top or the bottom or just the ones on top? The applicant replied top and bottom, the example window was showing had both, the bottom was clear and the upper was with the little white grids. It's going to be the same look. Ms. Salinas asked Ms. Joyas if she was recommending. Ms. Joyas replied yes, she's recommending approval of the colors, addition that goes toward the back of the house. Tamara Brennan made a motion to approve the addition and remodel of Henrietta Hgts, Block 2, Lot W/2, 22, 23, 24 also known as 614 W Richard Avenue under Standard 10 of the Secretary of Interior Standards of Rehabilitation. Jeri Morey seconded. All in favor; none opposed. Motion Carried.

8. Discuss and Consider Action on home remodel on Orig Town, Block 31, Lot 14-16, (Apts) also known as 315 N. 3rd Street.

Ms. Joyas stated that the owner, Dennis Yaklin put in an application to remodel the home and replace the roof, windows, doors and paint. She added that he has given the Stone Lion paint colors which can be seen in the packet. It is a brownish color; the trim is a dark green color, and the applicant would like to replace the roof with a metal roof. One of the applicant's neighbors also has a metal roof. Ms. Joyas stated that the design of the metal roof was in the packet as well along with the color, which is a cocoa brown that matches the trim and the doors. Ms. Joyas stated that the applicant provided another example of colors they used at another property that he is using on the property at 315 N 3rd Street. The dark green trim, the light tan colors. The applicant has provided pictures of the windows he will be replacing as well as with the metal door. Ms. Joyas asked the applicant which windows they have decided on, the applicant replied that it would be the no pane windows and the 6 panel doors. Ms. Joyas stated that there's a picture with windows that have orange on them and those are the ones the applicant wishes to close. Ms. Joyas asked what the reason for closing the windows were? The applicant stated that most of the windows are in the kitchen area which is small and is where the refrigerator sits. There is a door next to it and the applicant doesn't see why they need a window that's blocked by a refrigerator.

Tamara Brennan made a motion to approve the home remodel on Orig Town, Block 31, Lot 14-16 (Apts) also known as 315 N. 3rd Street under Standards #9, 10 of the Secretary of Interior Standards of Rehabilitation. Maria de Jesus Ayala-Schueneman seconded. All in favor; none opposed. Motion carried.

9. Discuss and Consider Action on a remodel with new paint and windows for a residential home Orig Town, Block 70, Lot 7,8 also known as 415 E. Kenedy.

Ms. Joyas stated that the applicant was Box R.E Holdings, which is also the owner. They would like to remodel with new paint and install some windows. The applicant has provided the color swatches which are a blue color (Denim) for the trim and a white for the house. The applicant has provided the windows that they will be install, which is the Jeld-Wen Jamb Vinyl Egress New Construction, White Single-Hung windows. Ms. Salinas asked Ms. Joyas what her recommendation was. Ms. Joyas stated that her recommendation was to approve, the home is in great condition and this would add to it. Ms. Brennan asked if the current windows are 1 over 1? The applicant replied yes, they are the old wooden frame, single pane windows.

Jeri Morey made a motion to approve the remodel with new paint and windows for a residential home at Orig Town, Block 70, Lot 7,8 also known as 415 E. Kenedy under Standard #9 of the Secretary of Interior Standards of Rehabilitation. Tamara Brennan seconded. All in favor; none opposed. Motion Carried.

10. Discuss and Consider Action on resurfacing and painting exterior building and canopies on commercial structure, Orig Town, Block 55, lots 13, 14 also known as 425 E. King Avenue.

Ms. Joyas stated that it was a commercial building that was brought forward by Alcork, LLC, the owner is Derek McArthur. They would like to do some stucco colors on the outside, replace the existing canopies with a metal roof design and add a color to it. There are pictures showing what the building looks like currently. Ms. Joyas added that the shape of the canopies can be seen in the photos, they are deteriorating. They would like to replace them with metal roofing. On the north side, there's a small canopy with three windows, that would be replaced. The stucco that would be placed around the building is China White and Dover Sky. It is a very minimal color change between the trim and the wall. Ms. Joyas continued with the panels, they will be using a CFS panel, and the color will be the charcoal gray. Ms. Joyas stated that she recommended approval of the stucco, canopy replacement for the commercial building.

Tamara Brennan made a motion to approve the resurfacing and painting exterior building and canopies on commercial structure at Orig Town, Block 55, lots 13, 14 also known as 425 E. King Avenue under Standard #9 of the Secretary of Interior Standards of Rehabilitation. Jeri Morey seconded. All in favor; none opposed. Motion Carried.

11. Discuss and Consider Action on a final rendering on remodel of Orig Town, Block 41, lots 1-29, also known as 418 E. Kleberg Avenue.

Ms. Joyas stated that this is the old K.A Childs building across from H-E-B. They have come before the board before as a preliminary approval and they are coming back to the board for the final rendering. The plans provided show that the western covered parking lot and the eastern carport would be demolished along with the wall covering in the next door building east wall. The building owner is content with this demolish since his building will stand out more and the windows will be more prominent. Ms. Joyas added that the garage windows will be sealed by stucco for energy and safety reasons and the lamella roof will remain visible to the public. The front canopy is completely rotten out but will be rebuilt to current standards. There will be two signs on the front of the building, a small on the top arch to resemble the historic sign as was on the Child's dealership and another lighted sign on the rebuilt canopy with the NAPA name. The owner and architect were on the call. The applicant, Lee Stockseth spoke to the board, complimenting them on the downtown improvements that are going on. There were a few changes from the last time they presented and stated that Ms. Joyas did a great job in going over the changes.

Tamara Brennan made a motion to approve the final rendering on remodel of Orig Town, Block 41, lots 1-29 also known as 418 E. Kleberg Avenue under Standard #10 of the Secretary of Interior Standards of Rehabilitation. Jeri Morey seconded. All in favor; none opposed. Motion Carried.

12. Discuss and Consider nomination for Leroy David Thibodeaux

Ms. Salinas stated that the board should have his resume in the packet. Ms. Joyas added that Mr. Thibodeaux is very active in the community and is an avid preservationist. Always looking for a building he could purchase so that he could restore. He did a great job on the Salazar Building and is looking to do the same at another building located in the downtown. Ms. Salinas stated that she agreed.

Jeri Morey made a motion to nominate Leroy David Thibodeaux to the Historical Development Board. Tamara Brennan seconded. All in favor; none opposed. Motion Carried.

13. Discuss and Consider nomination for Lucia G. Perez

Ms. Joyas stated that Ms. Perez is part of the Small Business Development Center at Del Mar College and lives in Kingsville. She has been part of the chamber of commerce for a few years from 2007-2019. She's always been a part of the community and feels she can help on the board. Ms. Joyas stated that she would be a very good person for the board.

Maria de Jesus Ayala-Scheunemann made a motion to nominate Lucia G. Perez to the Historical Development Board. Jeri Morey seconded. All in favor; none opposed. Motion Carried.

REQUEST

Discuss and Consider Action on a demolition of a dilapidated home on Orig Town, Block 65, Lots 14-16 also known as 311 South 4th Street.

EXHIBITS

Application, Property Condition Report 2020 & 2021, Visual Inspection Checklist 2020 & 2021, Condemnation Checklist, 2019 & 2020 Tax Roll, Kleberg County Appraisal District Info 2019, 2020, 2021, Taxes Due 2020 & 2021, Google map, Notification letters to owner 2020 & 2021, Certified Mail receipts, Newspaper Public Notice, Prohibition of Occupancy 2020, 2020 pictures, Prohibition of Occupancy 2021, 2021 pics.

BACKGROUND & PERTINENT DATA

After a fire at the house in 2019, the house sustained major damage and was found in a severe and hazardous state of disrepair. This allows for easy access of animals, vagrants, and criminal activity. The house has also been found to have evidence of roach, rat, mouse, and other vermin infestation, graffiti, and a hazard to children. The house was not found on the Texas Historical Commission Historic Resources Survey.

STAFF REVIEW & RECOMMENDATION

Staff recommends approval of the demolition due to structural damage and dangerous site caused by dilapidation of the house due to lack of repair from fire.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.

- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.
- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Re: ORIG TOWN, BLOCK 65, LOT 14-16 311 S 4TH ST

Dear Sir or Madam:

It has been determined that the structure at **311 S 4TH** is in a significant state of disrepair and creates a safety and health hazard to the surrounding area and the community at large. The structure is in direct violation to the City of Kingsville's Code of Ordinance § 15-1-165 Condemned Building or Structure; Specifications as adopted and as stated below.

§ 15-1-165 CONDEMNED BUILDING OR STRUCTURE; SPECIFICATIONS.

(A) Any building or structure of any type of material, whether public or private property, existing within the city limits, which is determined to be unsafe for or dangerous to human occupancy, shall be declared and be and become a condemned building or structure.

(B) The condemned buildings or structures mentioned in division (A) shall be determined to be such under the following listed terms and conditions:

(1) Any building or structure which, for want of repair or by reason of age or dilapidated condition, or for any causes, is especially liable to fire, and which is so situated as to endanger other buildings or property, or so occupied that fire would endanger persons or property therein.

(2) Any building or other structure which shall be determined to have a permanent or temporary plumbing condition existing in violation of the installation, maintenance and repair provisions of the City Plumbing Code presently duly enacted or to be duly enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the Plumbing Code to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(3) Any building or other structure which shall be determined to have a permanent or temporary electrical installation condition existing in violation of the installation, maintenance or repair provisions of the City Electrical Code as it is presently duly enacted or may be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the Electrical Code to endanger

the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(4) Any building or structure which shall be determined to contain a faulty and defective structural condition existing in violation of the construction, maintenance and repair provisions of the City Building Code as is presently duly enacted or may be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the Building Code to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(5) Any building or structure which shall be determined to have a permanent or temporary sanitary condition existing in violation of the various health and sanitation ordinances duly enacted and to be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the sanitation ordinances to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: June 4, 2021
TO: Historic Development Board
FROM: Uche Echeozo (Director of Planning)
SUBJECT: Discuss and Consider Action on a demolition of a dilapidated building on 10th, Block 6, Lots 29-32 also known as 816 South 2nd Street, Kingsville, TX 78363
APPLICANT: City of Kingsville, Code Enforcement
CONTRACTOR: City of Kingsville

REQUEST

Discuss and Consider Action on a demolition of a dilapidated building on 10th, Block 6, Lots 29-32 also known as 816 South 2nd Street, Kingsville, TX 78363

EXHIBITS

Application, Property Condition Report, Condemnation Checklist, 2020 Appraisal Roll, Kleberg County Appraisal District Information details, Statement of Taxes, Google map, Notification letters to owner, Certified Mail receipts, Newspaper Public Notice, Prohibition of Occupancy Notice (picture), Relevant Photos

BACKGROUND & PERTINENT DATA

Sequel to a condemnation hearing set before the City Commission on Monday, May 24, 2021, the City postponed the hearing to demolish a dilapidated building located on 10th, Block 6, Lots 29-32 also known as 816 South 2nd Street, Kingsville, TX 78363 pending a determination by the HDB. The property was deemed by the Building Official to be dangerous to human life and a hazard to public health and safety by reason of inadequate maintenance, dilapidation, obsolescence and/or abandonment. Although the property is not within the Historical District, it is said to be of Historical Significance.

STAFF REVIEW & RECOMMENDATION

Staff recommends approval of the demolition due to structural damage and dangerous site caused by dilapidation of the house due to lack of repair.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.

- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.
- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Re: 10TH , BLOCK 6, LOT 29-32

816 S 2ND ST

Dear Sir or Madam:

It has been determined that the structure at **816 S 2ND ST** is in a significant state of disrepair and creates a safety and health hazard to the surrounding area and the community at large. The structure is in direct violation to the City of King'sville's Code of Ordinance § 15-1-165 Condemned Building or Structure; Specifications as adopted and as stated below.

§ 15-1-165 CONDEMNED BUILDING OR STRUCTURE; SPECIFICATIONS.

(A) Any building or structure of any type of material, whether public or private property, existing within the city limits, which is determined to be unsafe for or dangerous to human occupancy, shall be declared and be and become a condemned building or structure.

(B) The condemned buildings or structures mentioned in division (A) shall be determined to be such under the following listed terms and conditions:

(1) Any building or structure which, for want of repair or by reason of age or dilapidated condition, or for any causes, is especially liable to fire, and which is so situated as to endanger other buildings or property, or so occupied that fire would endanger persons or property therein.

(2) Any building or other structure which shall be determined to have a permanent or temporary plumbing condition existing in violation of the installation, maintenance and repair provisions of the City Plumbing Code presently duly enacted or to be duly enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the Plumbing Code to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(3) Any building or other structure which shall be determined to have a permanent or temporary electrical installation condition existing in violation of the installation, maintenance or repair provisions of the City Electrical Code as it is presently duly enacted or may be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the Electrical Code to endanger

the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(4) Any building or structure which shall be determined to contain a faulty and defective structural condition existing in violation of the construction, maintenance and repair provisions of the City Building Code as is presently duly enacted or may be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the Building Code to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

(5) Any building or structure which shall be determined to have a permanent or temporary sanitary condition existing in violation of the various health and sanitation ordinances duly enacted and to be enacted from time to time, and which shall be further determined, by virtue of such condition in violation of the provisions of the sanitation ordinances to endanger the safety of the building or structure or other buildings or structures or other property, and to endanger the safety and health of persons who may have occasion to occupy and/or be in, on or about the premises, whether they be the owner thereof or not.

('62 Code, § 4-6-1)

AN INVESTIGATION HAS BEEN CONDUCTED ON THESE PREMISES FOR NON-COMPLIANCE WITH CITY ORDINANCES. YOU ARE HEREBY NOTIFIED THAT THE VIOLATIONS LISTED MUST BE CORRECTED WITHIN THIRTY (30) CALENDAR DAYS FROM RECEIPT THIS LETTER. PLEASE REFER TO THE ENCLOSED PROPERTY CONDITION REPORT REGARDING THE SPECIFIC VIOLATIONS REQUIRING CORRECTIVE ACTION.

WE MUST RECEIVE WRITTEN RESPONSE FROM YOU WITHIN TEN (10) DAYS FROM THIS NOTICE INDICATING THE ACTION YOU INTEND TO TAKE WITHIN THE NEXT THIRTY (30) DAYS TO CORRECT SUBSTANDARD CONDITIONS.

If these violations are not mitigated within thirty (30) calendar days of the date of this letter, a condemnation will be processed through City Commission. If you should commit another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of the notice, the city without further notice may correct the violation at the owner's expense and assess the expense against the property.

Please provide proof of necessary permits and "passed" inspections for all reconstruction and/or repairs. Provide proof of proper disposal, i.e. landfill receipt or method used to remediate the condemned structure.

If you need further information or have questions, please contact me at (361) 595-8019, Monday through Friday from 8:00 AM – 12:00 PM & 1:00 PM - 5:00 P.M.

Sincerely,

Nicholas Daniels

Re: **HEARING FOR PROPERTY AT 816 S 2ND ST**

Dear Sir or Madam:

On February 12, 2021 a letter was sent from the City of Kingsville stating that your property located at **816 S 2ND ST** was a fire hazard or was dangerous to human life, or constitutes a hazard to safety or health or public welfare by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment such that the structures located thereon are unsafe and a nuisance. In that letter, you were further advised that you needed to repair or demolish the structures within a certain timeframe. As the timeframe has passed and the unsafe structures on your property have not been repaired or demolished, the structures on your property are being recommended for condemnation before the Kingsville City Commission.

You are hereby cited to appear before the City Commission at a public hearing on **Monday, MAY 24, 2021 at 5:00 p.m.** to show cause why such structures should not be condemned. You may appear in person, by agent or by counsel at the hearing. You will need to submit at the hearing proof of the scope of any work that may be required to comply with city ordinances and the time it will take to reasonably perform the work. The condemnation hearing is set for **MAY 24, 2021.**

The hearing will take place at the Helen Kleberg Groves Community Room located on the first floor of City Hall, 400 West King, Kingsville, Texas, during a regularly scheduled meeting of the City Commission.

If you have any questions about the condemnation process or how to get a building permit to fix the structures, please contact me at (361) 595-8019.

Sincerely,

Nicholas Daniels
Building Official

HISTORIC DEVELOPMENT BOARD

DATE: May 19, 2021
TO: Historic Development Board
FROM: Brenda Joyas, CNU-A (Downtown Manager/HPO)
SUBJECT: Discuss and Consider Action on placing a portable storage building in the back yard of the house on Orig Town, Block 72, Lot 27, 28 also known as 512 East Huisache.
APPLICANT: Richard W. Butler, Owner
CONTRACTOR: Stor-Mor Portable Buildings

REQUEST

Discuss and Consider Action on placing a portable storage building in the back yard of the house on Orig Town, Block 72, Lot 27, 28 also known as 512 East Huisache.

EXHIBITS

Application, Kleberg County property card, treated engineered wood description, Structural engineered design plans, color palette, pictures of property, site plan.

BACKGROUND & PERTINENT DATA

Owner would like to place a portable storage building measuring 10 X 14 behind his home in the backyard. Materials used will be treated lumber and asphalt shingles for the roof. Colors are Cape Cod Gray for building with an avocado trim, and Driftwood color shingles. The location of the portable storage shed is placed directly behind the home and view of the structure is concealed by the home from the street. The home has a 6 foot privacy fence around the property line making it hard to see from public view.

STAFF REVIEW & RECOMMENDATION

Staff believes the portable storage building does not alter the general historic, cultural, and architectural nature of the home or the district and recommends approval.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.
- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.

- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

NOTES:

1. FOR EFFECTIVE AREAS BETWEEN THOSE GIVEN ABOVE THE LOAD MAY BE INTERPOLATED, OTHERWISE USE THE LOAD ASSOCIATED WITH THE LOWER EFFECTIVE AREA.
2. PLUS AND MINUS SIGNS SIGNIFY PRESSURES ACTING TOWARD AND AWAY FROM THE PROJECTED SURFACES RESPECTIVELY.
3. PRESSURES SHOWN ARE APPLIED NORMAL TO THE SURFACE.
4. REFER TO PRESSURE TABLE FOR CORRESPONDING ZONES.
5. ROOF FRAMING MEMBERS SHALL BE DESIGNED TO RESIST THE NET UPLIFT DESIGN PRESSURES SPECIFIED.
6. ROOF COVERINGS, FINISHES, ETC. SHALL BE DESIGNED FOR THE FULL NEGATIVE DESIGN PRESSURE
7. DESIGN PRESSURES SHOWN SHALL BE MULTIPLIED BY ITS APPROPRIATE LOAD CASE FACTOR FROM ARTICLE 2.4.1 OF ASCE 7-10 WHEN PERFORMING STRESS DESIGN ON STRUCTURAL ELEMENTS OF THE BUILDING.

NOTES:

1. FOR EFFECTIVE AREAS BETWEEN THOSE GIVEN ABOVE THE LOAD MAY BE INTERPOLATED, OTHERWISE USE THE LOAD ASSOCIATED WITH THE LOWER EFFECTIVE AREA.
2. THE LOAD PATTERNS SHOWN SHALL BE APPLIED TO EACH CORNER OF THE BUILDING IN TURN AS THE REFERENCE CORNER (SEE FIGURE 26.6-1)
3. FOR THE DESIGN OF THE CASE B MWFRS USE $\theta = 0^\circ$.
4. PLUS AND MINUS SIGNS SIGNIFY PRESSURES ACTING TOWARD AND AWAY FROM THE PROJECTED SURFACES RESPECTIVELY.
5. FOR ZONE E OR G FALLS ON A ROOF OVERHANG ON THE WINDWARD SIDE OF THE BUILDING, USE E_{OH} AND G_{OH} FOR THE PRESSURE ON THE HORIZONTAL PROJECTION OF THE OVERHANG. OVERHANGS ON THE LEEWARD AND SIDE EDGES SHALL HAVE BASIC ZONE PRESSURE APPLIED.
6. DESIGN PRESSURES SHOWN SHALL BE MULTIPLIED BY ITS APPROPRIATE LOAD CASE FACTOR FROM ARTICLE 2.4.1 OF ASCE 7-10 WHEN PERFORMING STRESS DESIGN ON STRUCTURAL ELEMENTS OF BUILDING.

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: May 19, 2021
TO: Historic Development Board
FROM: Brenda Joyas, CNU-A (Downtown Manager/HPO)
SUBJECT: Discuss and Consider Action on adding sections of a cedar fence on two locations of the house on Orig Town, Block 20, Lot 25, 26, Acres 0 also known as 216 West Lee.
APPLICANT: Ruben A. Pena, Owner
CONTRACTOR: Ruben A. Pena, Owner

REQUEST

Discuss and Consider Action on adding sections of a cedar fence on two locations of the house on Orig Town, Block 20, Lot 25, 26, Acres 0 also known as 216 West Lee.

EXHIBITS

Applications, Site plan, Kleberg County property card, Pictures of home with locations of new fence additions.

BACKGROUND & PERTINENT DATA

Mr. Pena would like to enclose the side and rear part of the house for privacy and security. A new section of cedar fence will start from the front of the house going east to the fence with a walk-through gate. The second part of the new section of fence starts at the back of the house (southwest corner) to the existing fence with a gate for the car to have access to pull in/out. Style of the fence would match existing fence around the home, material is cedar, and height is 6.5 feet.

STAFF REVIEW & RECOMMENDATION

Staff does not see a historic, cultural, or architectural difference of the house or district by adding the new sections of the fence so recommendation is approval.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.
- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.
- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or

appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.

- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

REQUEST

Discuss and Consider Action on installing a new privacy fence around the perimeter of the new home on 5th, Block 8, Lot W3' 29, 30-32, Acres .0 also known as 604 East Lott Avenue.

EXHIBITS

Application, Letter of Owner, Deed, Material lists, and site plan.

BACKGROUND & PERTINENT DATA

This new house would like to add a privacy fence to the perimeter of the property for security seeing it is located on a corner. Material is treated wood at 6.5 feet high with a walk-through gate on the west corner of the front of the house.

STAFF REVIEW & RECOMMENDATION

Staff does not see a change in historic, cultural, or architectural nature of house or district and so recommends approval of the privacy fence.

NOTICE TO PURCHASER

The real property, described below, which you are about to purchase, is located in the South Texas Water Authority Water District. The district has taxing authority separate from any other taxing authority, and may, subject to vote approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the most recent rate of taxes levied by the district on real property located in the district is \$0.085170 on each \$100 of assessed valuation. The total amount of bonds which has been approved by the voters and which have been or may, at this date, be issued is \$5,110,000.00, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the district and payable in whole or in part from property taxes is \$5,110,000.00. The purpose of this district is to provide water, sewer, drainage and flood control facilities and services within the district through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the district. The Legal description of the property, which you are acquiring, is as follows:

The West Three Feet of Lot Twenty-Nine (W3' of 29) and all of Lots Thirty (30), Thirty-One (31) and Thirty-Two (32), Block Eight (8), Fifth Addition, an addition to the City of Kingsville, Kleberg County, Texas, as shown on map or plat of record in Envelope 20, Map Records of Kleberg County, Texas

SUBJECT: Discuss and Consider Action to demolish the commercial building on the 5th Addition, Block 1, Lots 8-16 also known as 635 East King Avenue.
APPLICANT: Ampler Development, LLC.
CONTRACTOR: TBD

REQUEST

Discuss and Consider Action to demolish the commercial building on the 5th Addition, Block 1, Lots 8-16 also known as 635 East King Avenue.

EXHIBITS

Application, Letter of Owner, Warranty Deed, Pictures of existing commercial building and proposed new Church's Chicken establishment.

BACKGROUND & PERTINENT DATA

Due to long standing issues with the present building such as mechanical and electrical issues with foundation problems the cost to fix would be too great and would place a financial burden on the owner. With an offer to purchase and a new Texas design Church's Chicken being installed, to replace a deteriorating building, would enhance the area.

STAFF REVIEW & RECOMMENDATION

Staff contacted Carmen Martinez of the South Texas Archives to look into any possible historic information on the building and nothing was found. Staff also reviewed records at the Kleberg County Tax and Appraisal Office and found no significant information that would categorize the building at 635 East King Avenue as historical. Staff approves the demolition of the commercial building at 635 East King Avenue with no change to the historic, cultural, or architectural nature of the district or building.

REQUEST

Discuss and Consider Action to build a new Texas design Church's Chicken on the 5th Addition, Block 1, Lots 8-16 also known as 635 East King Avenue.

EXHIBITS

Application, Letter of Owner, Warranty Deed, Pictures of existing commercial building and proposed new Church's Chicken establishment.

BACKGROUND & PERTINENT DATA

Due to long standing issues with the present building such as mechanical and electrical issues with foundation problems the cost to fix would be too great and would place a financial burden on the owner. With an offer to purchase and a new Texas design Church's Chicken being installed, to replace a deteriorating building, would enhance the area.

STAFF REVIEW & RECOMMENDATION

The new Texas Design by Ampler Development, LLC will greatly enhance the location with bored cultured stone, fiber cement wood board panel, neutral colors of gray, brown, and black with pops of blue and yellow colors would make an eye catching new addition to East King Avenue. Staff does not find a negative change to the historic, cultural or architectural nature of the district and recommends approval.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.
- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.

- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
