**HISTORICAL DEVELOPMENT BOARD
REGULAR MEETING
WEDNESDAY, APRIL 19, 2023, at 4:00 PM
CITY OF KINGSVILLE
HELEN KLEBERG GROVES COMMUNITY ROOM
400 W KING AVE**

Minutes

Attendance:

Historical Board Members Present:

Maggie Salinas, Chairman
Jeri L S Morey
David Thibodeaux
Lucia Perez

City Staff:

Mark McLaughlin, City Manager
Kobby Agyekum, interim Director of
Planning and development
Herlinda Solis, Administrative Assistant II
Laura Perez, Administrative Assistant I

Historical Board Members Not Present:

Daniel J Burt
Chris Maher

1. **Call meeting to order:** Meeting was called to order at 4:22 PM
2. **Discuss and approve minutes from previous meeting** –Lucia Perez made a motion to approve minutes from February 15, 2023, motion seconded by David Thibeaux.
3. **Public comments on items on or off the agenda:** None
4. **Postponements/Adjustments to the Agenda:** None

Item #1 Discuss and Consider Action to replace windows, doors, repair and repaint sidings, interior of property on residential building on ORIG TOWN, BLOCK 16, LOT N/2 15-16, also known as 503 West Richard Avenue, Kingsville, TX 78363

Kobby Agyekum told the Board that this is a 1955 one story building needing repair, so he is presenting it to be approved to restore windows, doors and repair and repaint the building. There were no questions from the board. Mark McLaughlin stated that he rather this building be restored than condemned. David Thibodeaux made the motion to approve, Jeri L S Morey seconded the motion. All approved the motion.

Item #2 Discuss and Consider Action to replace roof, install windows on second floor, repaint sidings, interior and add a garage door at the back of property on residential building on HENRIETTA HGTS, Block 7, Lot E/2 11,12 &13, also known as 609 West Lee Avenue, Kingsville, TX 78363

Kobby Agyekum told the Board, this is a 1955 two-story which has only one window on the second floor, the proposal is to add two windows, and this will improve the egress on the building, they also want to open the garage door in the back currently blocked by previous owners. Kobby recommends that the board approves this request so that it improves the historical and cultural impact of the area. David Thibodeaux asks if the board has looked at this property before. Kobby replied yes but this time with different applicants and contractors. Jeri L S Morey

made the motion to approve under the Standards of Secretary of the Interior #9, Lucia Perez seconded the motion. All approved the motion.

Item #3 Discuss and Consider Action to replace siding, repair foundation and windows on of residential building on ORIG TOWN, Block 2, Lots 6 & 7 also known as 419 West Santa Gertrudis Avenue, Kingsville, TX 78363

Kobby Agyekum told the Board that this was a 1940 two-story building, it has been in the demolition list before, the contractor came by the office showing previous jobs and would like to recommend we allow him to do this job to bring it alive since other buildings are being improved in the same area. David Thibodeaux made the motion to approve under the Standards of Secretary of the Interior #9 & 10, Jeri L S Morey seconded the motion. All approved the motion.

Item #4 Discuss and Consider Action to replace roof, replace siding and repair drywall on a residential building on 5 TH Block 10, Lots 6-8 also known as 711 East Lott, Kingsville, TX 78363

Kobby Agyekum told the Board that this is a 1940 domestic single dwelling home, one story building. Kobby mentions the contractors Miguel Mendez and Ana Theresa Mendez have been rehabilitating buildings in the historical area. Jeri L S Morey expresses her concern regarding gravel in property and a pickup parking in front yard, Kobby explains that the house does not have a designated driveway in addition Mark McLaughlin informs Code Enforcement is addressing front yard parking issues. David Thibodeaux made the motion to approve under the Standards of Secretary of the Interior #9, Lucia Perez seconded the motion. All approved the motion.

Item # 5 Discuss and Consider Action to remove existing window and replace with Door on a structure building on ORIG TOWN, Block 57, Lot 1-9, (Premier Medical ECT) also known as 203 East King, Kingsville, TX, 78363

Kobby Agyekum told the board there is a window on the east side of the building that will be replaced with a door. Kobby recommends allowing the applicant to do it to give the building a proper look. Jeri L S Morey expresses her concern regarding the steps/risers on that door. Kobby states the department will advise contractors to consider all safety measures. Jeri L S Morey makes the motion to approve under the Standards of Secretary of the Interior #9, David Thibodeaux seconded the motion. All approved the motion.

STAFF REPORTS: Kobby Agyekum stated that work has been done in the Downtown area specifically 8th and Kleberg planters have been repaired and will be alert to prevent vandalism. Kobby stated there have not been meetings in March due to quorum. Mark McLaughlin expressed his excitement to see citizens taking responsibility for their properties, also stated there are plans to develop a parking lot behind the old JC Penny building and parking developments in the downtown area. Mark McLaughlin also announced that the city is working on rewriting an existing Ordinance pertaining to the use of only concrete on driveways, the proposed modification of the existing ordinance will allow citizens to use other surfaces such as stamped concrete, industrial pavers, and tile bricks as well.

MISCELLANEOUS:

Jeri L S Morey stated that she had concerns with some of the dilapidated structures in the historical structures, Mark McLaughlin assured her that the Code Enforcement Officers are diligently working on addressing these issues.

5. **Adjournment:** Meeting adjourned at 5:05 PM

ITEM

#1

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: June 15, 2023
TO: Historic Development Board
FROM: Kobby Agyekum (Senior Planner/HPO)
SUBJECT: Discuss and Consider Action to replace sidings and new windows on residential building on ORIG TOWN, BLOCK 17, LOT 21, 22, E19' 23 also known as 510 West Lee Avenue, Kingsville, TX 78363
APPLICANT: Crystal Solomon, Ms.
CONTRACTOR: Jordan Polhemus

REQUEST

Discuss and Consider Action to replace sidings and new windows on residential building on ORIG TOWN, BLOCK 17, LOT 21, 22, E19' 23 also known as 510 West Lee Avenue, Kingsville, TX 78363

EXHIBITS

Application, 2022 Appraisal Roll, Kleberg County Appraisal District Information details, Data from Texas Historical Commission (Historic Resources Survey Form), Engineer's letter, Authorization letter, Drawings, and illustrations.

BACKGROUND & PERTINENT DATA

This is a 1945 One-story irregular-plan hip-roofed residential duplex building with front-gabled partial-width centered porch supported by plain wood brackets, narrow wood siding, exposed rafter tails, wood-framed sash windows, with replacement doors and rear additions. This property is associated with events that have made the contributions to the historic district with priority for preservation.

STAFF REVIEW & RECOMMENDATION

Staff has reviewed the application and found same to be in conformity with aesthetic and overall curb appeal that it is in conformity to the Standards of the Secretary of the Interior. Consequently, the staff recommend the approval of installation of the siding, windows of residential building at 510 West Lee Avenue as there would be an impact to the historic, cultural, and architectural nature of the district.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.
- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.

- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Landscape Features

Dear Kingsville Historical Development Board,

Thank you for promptly approving the application and permit for 510 W Lee to be leveled and have a new roof installed.

Please consider this application to replace siding where damaged and install new windows. I would love to keep the historical wood windows, however, they are damaged beyond reasonable repair. The siding on the garage/apartment is not salvageable. It must be removed and I will replace it with hardi-board for long term integrity. Both structures will be painted to protect and tie the two buildings together and create harmony.

Polhemus Construction will perform this work and understand the goal of the historical district. There will be no additions or changes to the footprint of the house or garage.

Please do not hesitate to contact me at 361-816-356 or via email at cgsolo@msn.com.

Sincerely,
Crystal Solomon

Showcase 143 Single Hung

- **Fusion Welded Frame and Sashes:** Offers strength, leak resistance and structural integrity.
- **Constant Force Balance System:** Provides a lifetime of smooth sash operation.
- **Interlocking Meeting Rails:** Integral Interlocks provide additional security.
- **Trim Sightline:** Allows the maximum amount of natural light.
- **Frames Available With or Without Nail Fin:** Allows for use in new construction or replacement applications.
- **Beautiful Millwork Frame:** Gives your home a fresh and elegant new look.
- **Soft Curved Sash Design:** Looks like a traditional wood window sash.
- **Designer Sweep Lock:** Provides added security.
- **Full Length Extruded Lift Rail:** Provides easy sash operation.
- **Tilt-in Sash:** Sash tilts in for easy cleaning.
- **Recessed Tilt Latches:** Color matched, low profile latches for a neat appearance. (Non-Impact)
- **3/4" High Performance Insulated Glass System:** Minimally conductive, thermally efficient spacer provides barrier to heat transfer.
- **Unique 5° Positive Sloped Sill:** Provides immediate water runoff and outperforms traditional weep systems.
- **Heavy Duty Weatherstrip Design:** Double weatherstripping provides superior resistance to air and water infiltration.
- **Sturdy Half Screen:** Heavy-duty construction for a lifetime of trouble-free operation.
- **Limited Lifetime Warranty (10-Year Warranty on Laminates)**

143 Single Hung Window

Our 143 Single Hung Window will provide a lifetime of reliable, trouble-free operation. You'll also benefit from the improved energy efficiency of your home. Our windows are designed for the weather along the Gulf Coast, and in the wider region we serve. This includes: Texas, Louisiana and Mississippi. The smart choice in windows is the 143 Single Hung Window from Showcase.

Minimum/Maximum Sizes

15.25" x 22" up to 53" x 96"

35.5" x 61.5" minimum egress size

* Larger sizes available upon request

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: May 12, 2023
TO: Historic Development Board
FROM: Kobby Agyekum (Senior Planner/HPO)
SUBJECT: Discuss and Consider Action to install a ramp for ADA on ORIG TOWN, BLOCK 6, LOT 31 & 32, also known as 300 East Richard Avenue, Kingsville TX, 78363
APPLICANT: John Flores, Mr.
CONTRACTOR: R & R Leveling

REQUEST

Discuss and Consider Action to install a ramp for ADA on ORIG TOWN, BLOCK 6, LOT 31 & 32, also known as 300 East Richard Avenue, Kingsville TX, 78363

EXHIBITS

Application, 2022 Appraisal Roll, Kleberg County Appraisal District Information details, Data from Texas Historical Commission (Historic Resources Survey Form), Engineer's letter, Authorization letter, Drawings, and illustrations.

BACKGROUND & PERTINENT DATA

This is a 1946 One-story rectangular-plan with angled side commercial building with three front-facing false dormers on angled elevation, aluminum-framed sliding windows, and horizontal siding located within the Historic District. This property is associated with events that have made a significant contribution to the broad pattern of the historic district with low priority for preservation.

STAFF REVIEW & RECOMMENDATION

Staff have reviewed the application and found the installation to be in conformity with ADA requirements and overall curb appeal that it is in conformity with the Standards of the Secretary of the Interior. Consequently, the staff recommend the approval of installation of the ADA Ramp on a commercial building at 300 East Richard Avenue as there would be no adverse impact to the historic, cultural, or architectural nature of the district.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.
- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.

- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: June 15, 2023
TO: Historic Development Board
FROM: Kobby Agyekum (Senior Planner/HPO)
SUBJECT: Discuss and Consider Action to repair water leak, restore stucco at top of brick wall, and retouch brick mortar on commercial property ORIG TOWN, BLOCK 50, LOT 8, (WORLD FINANCE CO), also known as 215 East Kleberg Avenue, Kingsville TX, 78363
APPLICANT: Roger Pollard, Mr.
CONTRACTOR: Manna Construction

REQUEST

Discuss and Consider Action to repair water leak, restore stucco at top of brick wall, and retouch brick mortar on commercial property ORIG TOWN, BLOCK 50, LOT 8, (WORLD FINANCE CO), also known as 215 East Kleberg Avenue, Kingsville TX, 78363

EXHIBITS

Application, 2022 Appraisal Roll, Kleberg County Appraisal District Information details, Data from Texas Historical Commission (Historic Resources Survey Form), Engineer's letter, Authorization letter, Drawings, and illustrations.

BACKGROUND & PERTINENT DATA

This is a 1940 One-story one-part commercial block brick building with remodeled tiled storefront, infilled transom windows, recessed name plate over storefront, located within the Historic District. This property is associated with events that have made a significant contribution to the broad pattern of the historic district with high priority for preservation.

STAFF REVIEW & RECOMMENDATION

Staff have reviewed the application and found the restoration to be in conformity with designs and overall aesthetics and that it is in conformity with the Standards of the Secretary of the Interior. Consequently, the staff recommend the approval to repair water leak, restore stucco at top of brick wall, and retouch brick mortar on commercial property at 215 East Kleberg Avenue as there would be no adverse impact to the historic, cultural, or architectural nature of the district.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.

- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.
- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

215 East Kleberg Avenue

There is a leak inside 215 E Kleberg that could be either from the top left front brick wall or the gutter that empties on the street.
