Taulia Lauren

1. **Call meeting to order:** Meeting was called to order at 4:03 PM
2. **Discuss and approve minutes from previous meeting** –Lucia Perez made a motion to approve minutes April 19, 2023, motion seconded by David Thibeaux.
3. **Public comments on items on or off the agenda:** None
4. **Postponements/Adjustments to the Agenda:** None

Item #1 Discuss and Consider Action to replace sidings and new windows on residential building on ORIG TOWN, BLOCK 17, LOT 21, 22, E19' 23 also known as 510 West Lee Avenue, Kingsville, TX 78363

Kobby stated that this was a 1945 one story duplex with front-gabled partial-width centered porch supported by plain wood brackets. The owner would like to put new siding and windows, which would improve the preservation of this structure. Kobby recommends we allow this to move forward, under the Secretary of Standards #9. Jerri Morey made some comments of concern that included the trim and porch and would like to keep the quality of the appearance. Kobby agreed to communicate these concerns with homeowner and the Building Official. Maggie Salinas reminded the Board only has the authority to approve the current request and if other issues of construction are a concern, they would have to be brought back to the Board later. Jeri Morey made the motion to approve the, David Thibodeaux seconded the motion. All approved the motion.

Item #2 Discuss and Consider Action to install a ramp for ADA on ORIG TOWN, BLOCK 6, LOT 31 & 32, also known as 300 East Richard Avenue, Kingsville TX,78363

Kobby stated that this was a 1946 one-story rectangular plan with angled side commercial building that used to be a dance hall, it is required by ADA requirements to have a ramp. This will be a Mariachi Bar and they will be having customers with wheelchairs and recommend approval with The Secretary of Standards #9. Jerry Morey made a concern about the door being reversed and needs to be corrected. David Thibodeaux made the motion to approve the, Lucia Perez seconded the motion. All approved the motion.

Item #3 Discuss and Consider Action to replace sidings on property at 3RD, BLOCK 15, LOT 25-28, also known as 610 & 612 East Richard Avenue, Kingsville TX,78363

Kobby stated that this was a 1945 one-story cross-gables L-plan residential building, the owners would like to split the property as it has 2 structures on it and will start by repairing the siding on 610 East Richard. Kobby recommends we approve under The Secretary of Standards #9. No comments from the Board. Jeri Morey made the motion to approve the, David Thibodeaux seconded the motion. All approved the motion.

Item #4 Discuss and Consider Action to repair water leak, restore stucco at top of brick wall, and retouch brick mortar on commercial property ORIG TOWN, BLOCK 50, LOT 8, (WORLD FINANCE CO), also known as 215 East Kleberg Avenue, Kingsville TX,78363

Kobby stated that this is a 1940 one-story commercial building (World Finance Co), the masonry needs repairs due to leaking coming from the top of the building that keeps losing stucco and it also has cracks on the outside. Kobby recommends we approved repairs under The Secretary of Standards #9. Roger Pollard(contractor) stated that he doesn't see any problem with the roof, and needs to inspect the gutters, he will hire a plumber with a camera to check for leaking. Roger stated that he will communicate with the property owner next door. David Thibodeaux asked if the roof sloped to the front, Roger said yes that it is hard to see but the roof slopes to the Northeast corner. The gutter is in between the walls and needs to be checked. David Thibodeaux made the motion to approve the, Lucia Perez seconded the motion. All approved the motion.

STAFF REPORTS: Kobby announced that the new Memorial Statue was looking amazing and was mounted. Chris Maher and Taulia Laureno have resigned from the Board, Chris Maher was transferred to Houston and Taulia Laureno has changed jobs and must travel out of town daily and would not be able to return on time for meetings. Lastly the Texas Historical Commission sent Kobby a draft of the Los Kinenos; the King's People and would like to have a plaque placed at Maggie's Pavilion.

5. **Adjournment:** Meeting adjourned at 4:36 PM

CITY of KINGSVILLE DOWNTOWN

HISTORIC DEVELOPMENT BOARD

DATE: July 11, 2023
TO: Historic Development Board
FROM: Kobby Agyekum (Senior Planner/HPO)
SUBJECT: Discuss and Consider Action to remove and install veneer brick sidings and new windows on a property at 5TH, BLOCK 10, LOT E/2 14, 15, 16, also known as 729 East Lott Avenue, Kingsville TX, 78363
APPLICANT: Maroquin Construction
CONTRACTOR: Maroquin Construction

REQUEST

Discuss and Consider Action to remove and install veneer brick sidings and new windows on a property at 5TH, BLOCK 10, LOT E/2 14, 15, 16, also known as 729 East Lott Avenue, Kingsville TX, 78363

EXHIBITS

Application, 2022 Appraisal Roll, Kleberg County Appraisal District Information details, Data from Texas Historical Commission (Historic Resources Survey Form), Engineer's letter, Authorization letter, Drawings, and illustrations.

BACKGROUND & PERTINENT DATA

This is a 1956 One-story rectangular-plan cross-gabled Ranch style residential building with inset partial-width porch supported by brick piers, brick veneer, and picture and sash windows located within the Historic District. This property is associated with events that have made a significant contribution to the broad pattern of the historic district with low priority for preservation.

STAFF REVIEW & RECOMMENDATION

Staff have reviewed the application and found the installation to be in conformity with requirements and overall curb appeal that it is in conformity with the Standards of the Secretary of the Interior. Consequently, the staff recommend the approval of installation of the veneer brick sidings and new windows at 729 East Lott Avenue as there would be no adverse impact to the historic, cultural, or architectural nature of the district.

BOARD REVIEW

Scope of Historical Development Board

In general, Historical Development Board considers the following factors when making a recommendation concerning the issuing of a permit for the construction, reconstruction, alteration, restoration, relocation, demolition or razing of all or part of any building, structure or appurtenance within a historic district:

- 1) The effect of the proposed change upon the general historic, cultural and architectural nature of the district.

- 2) The appropriateness of exterior architectural features which can be seen from a public street, alley, road, highway or walkway.
- 3) The general design, arrangement, texture, material and color of the building, structure or appurtenances and the relation of such factors to similar features of buildings, structures or appurtenances in the district. The criterion shall not be the aesthetic appeal to the Board of the structure or the proposed remodeling, but rather its' conformity to the general character of the particular historic area involved.
- 4) Signs which are out of keeping with the character of the historic district in question shall not be permitted.
- 5) The value of the historic district as an area of unique interest and character shall not be impaired.

Standards of the Secretary of the Interior

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Product Evaluation

WIN1824 | 1021

Engineering Services Program

The following product has been evaluated for compliance with the wind loads specified in the International Residential Code (IRC) and the International Building Code (IBC).

This product evaluation is not an endorsement of this product or a recommendation that this product be used. The Texas Department of Insurance has not authorized the use of any information contained in the product evaluation for advertising, or other commercial or promotional purpose.

This product evaluation is intended for use by those individuals who are following the design wind load criteria in Chapter 3 of the IRC and Section 1609 of the IBC. The design loads determined for the building or structure shall not exceed the design load rating specified for the products shown in the limitations section of this product evaluation. This product evaluation does not relieve a Texas licensed engineer of his responsibilities as outlined in the Texas Insurance Code, the Texas Administrative Code, and the Texas Engineering Practice Act.

For more information, contact TDI Engineering Services Program at (800) 248-6032.
