grade levels. Drop-out rates were also much lower than the state and region. As a result of ongoing litigation, the accountability rating was not assigned to the school districts in the State of Texas; however, we are confident that Bishop CISD would have been assigned another stellar rating," Hernandez said.

The board approved all of the consent items and discussed and approved a change to the method of voting during school board elections.

From now on the candidate with the highest number of votes will fill the position and will no longer be required to have the majority vote. It was noted that the reason for this is to avoid run-off elections that cost more than the initial election.

Additional school business days were approved for students during the 2023-24 school year who may go deep into the playoff games. The tuition rate for the 2024-25 school year will remain at zero.

A two-year contract was granted to Driscoll ISD allowing their students to attend Bishop High School during the 2024-25 and 2025-26 school year. A contract was also granted to Ricardo ISD allowing their students to attend Bishop High School for the 2024-25 school year.

A resolution was passed to excuse employee's absences due to the bad weather on Jan 15 and 16. Bishop CISD students will make up one full day of class from the bad weather on March 22. The day had originally been scheduled to be a professional development day for teachers.

and running.

Commissioners also approved a pair of Transportation Alternatives Set Aside (TASA) projects for Riviera and Ricardo schools for sidewalk projects. The county's match for Riviera is \$9,134, while the county's match for Ricardo is \$7,145.

"These two will be excellent projects for these schools," Madrid said.

The judge added that with "new leadership" at Kingsville ISD in Dr. Cissy Reynolds-Perez, "a couple of additional safety projects" could also be in the works in the future for KISD.

The projects at Riviera and Ricardo are expected to feature sidewalks with lighting and benches, allowing residents to enjoy walking paths after school hours for exercise.

Commissioners also approved a donation of \$2,500 to 81 Heroes, honoring fallen Kingsville Police Officer Sherman Benys, Jr., to come from ARPA funds, and also accepted a Lone Star grant to fund a Crime/Intel analyst position with the Kleberg County Sheriff's Dept.

An agenda item to discuss property in Kingsville located at 1019 Lantana was tabled,

after commissioners agreed to enlist Al Higginbotham to look into the deeds and other paperwork associated with the triangle-shaped piece of land that an adjacent landowner would like to possess.

"Let's get Al involved," Madrid said. "He's an expert."

Commissioners Marcus Salinas and Jerry Martinez agreed to temporarily transfer one full-time staff position from Martinez' precinct to Salinas.

Madrid said the employee wants to transfer to Pct. 4, and will do so "under the condition" that the employee can remain under Pct. 4 until Martinez needs the position returned.

"The guy is a mechanic and we sure do need a mechanic over there," Madrid said.

Salinas praised the work the employee completed at Dick Kleberg Park recently to "clean up mesquite trees that were a huge eyesore."

"He's an ace," Salinas said.

Madrid added a word of thanks to commissioners for their help at the JK Northway facility's parking lot.

"Once we do our part, the city will come back on it," Madrid said.

The judge added additional thanks to all volunteers and workers with the Kleberg Kenedy Junior Livestock Show, adding that several truckloads of dirt were brought in for the event.

Madrid said the county was looking into a future project at the JK Northway to add a fenced in area for carnivals and other events, so that promoters can have a central area to check in ticketed customers.

He added that the JP section of the JK will be "done by April" and that a ribbon-cutting event would be held.

"It will be phenomenal," he said.

grade levels. Drop-out rates were also much lower than the state and region. As a result of ongoing litigation, the accountability rating was not assigned to the school districts in the State of Texas; however, we are confident that Bishop CISD would have been assigned another stellar rating," Hernandez said.

The board approved all of the consent items and discussed and approved a change to the method of voting during school board elections.

From now on the candidate with the highest number of votes will fill the position and will no longer be required to have the majority vote. It was noted that the reason for this is to avoid run-off elections that cost more than the initial election.

Additional school business days were approved for students during the 2023-24 school year who may go deep into the playoff games. The tuition rate for the 2024-25 school year will remain at zero.

A two-year contract was granted to Driscoll ISD allowing their students to attend Bishop High School during the 2024-25 and 2025-26 school year. A contract was also granted to Ricardo ISD allowing their students to attend Bishop High School for the 2024-25 school year.

A resolution was passed to excuse employee's absences due to the bad weather on Jan 15 and 16. Bishop CISD students will make up one full day of class from the bad weather on March 22. The day had originally been scheduled to be a professional development day for teachers.

and running.

Commissioners also approved a pair of Transportation Alternatives Set Aside (TASA) projects for Riviera and Ricardo schools for sidewalk projects. The county's match for Riviera is \$9,134, while the county's match for Ricardo is \$7,145.

"These two will be excellent projects for these schools," Madrid said.

The judge added that with "new leadership" at Kingsville ISD in Dr. Cissy Reynolds-Perez, "a couple of additional safety projects" could also be in the works in the future for KISD.

The projects at Riviera and Ricardo are expected to feature sidewalks with lighting and benches, allowing residents to enjoy walking paths after school hours for exercise.

Commissioners also approved a donation of \$2,500 to 81 Heroes, honoring fallen Kingsville Police Officer Sherman Benys, Jr., to come from ARPA funds, and also accepted a Lone Star grant to fund a Crime/Intel analyst position with the Kleberg County Sheriff's Dept.

An agenda item to discuss property in Kingsville located at 1019 Lantana was tabled,

after commissioners agreed to enlist Al Higginbotham to look into the deeds and other paperwork associated with the triangle-shaped piece of land that an adjacent landowner would like to possess.

"Let's get Al involved," Madrid said. "He's an expert."

Commissioners Marcus Salinas and Jerry Martinez agreed to temporarily transfer one full-time staff position from Martinez' precinct to Salinas.

Madrid said the employee wants to transfer to Pct. 4, and will do so "under the condition" that the employee can remain under Pct. 4 until Martinez needs the position returned.

"The guy is a mechanic and we sure do need a mechanic over there," Madrid said.

Salinas praised the work the employee completed at Dick Kleberg Park recently to "clean up mesquite trees that were a huge eyesore."

"He's an ace," Salinas said.

Madrid added a word of thanks to commissioners for their help at the JK Northway facility's parking lot.

"Once we do our part, the city will come back to it," Madrid said.

The judge added additional thanks to all volunteers and workers with the Kleberg Kenedy Junior Livestock Show, adding that several truckloads of dirt were brought in for the event.

Madrid said the county was looking into a future project at the JK Northway to add a fenced in area for carnivals and other events, so that promoters can have a central area to check in ticketed customers.

He added that the VIP section of the JK will be "done by April" and that a ribbon-cutting event would be held.

"It will be phenomenal!" he said.

AGENDA ITEM #5

City of Kingsville Fire Department

TO: Courtney Alvarez, City Attorney

CC: Mary Valenzuela, City Secretary

FROM: J.J. Adame, Fire Chief

DATE: February 23, 2024

SUBJECT: New Vehicular Extrication Equipment, BZFD Grant#5106101

Summary:

The Kingsville Fire Department has the opportunity to apply for the FY 2025 Border Zone Fire Department Grant Program to request new vehicular extrication equipment.

Background:

The Kingsville Fire Department (KFD) is involved in the prevention and mitigation of multiple hazards. One often encountered is vehicular accidents. Having current, maintained and operational extrication equipment has served a vital role in the outcome of these emergencies. The Kingsville Fire Department's current extrication equipment is growing obsolete due to increasing maintenance needs, associated repair costs and inadequate operational efficiency when dealing with newer vehicles. In response, we are requesting new equipment through grant funding. BZFD funding will be used for the sole purpose of purchasing current innovative extrication tools that will be used for life saving efforts in conjunction with participating agencies within the Rio Grande Valley Border Patrol Sector. The application will request \$35,000.00 for the equipment and shipping fees. Please place this item on the next available agenda. Thank you for your assistance regarding this matter.

Financial Impact:

None. The grant for "Border Zone Fire Department" is a reimbursement type but does not require any cash match. We are requesting \$35,000.00 in equipment and associated shipping fees.

Recommendation:

We would request a resolution approving the submission of application and acceptance of this grant via the Office of the Governor eGrants portal by the grantee's authorized official as designated by the City Manager, Chief J. J. Adame. We also request a budget amendment for the current FY 2023-2024 for use of the funds as soon as they are available.

WHEREAS, the City agrees to provide any applicable matching funds for the said project as required by the grant application, which are expected to be zero as this is a reimbursement type grant; and

WHEREAS, the City agrees that in the event of loss or misuse of the Office of the Governor funds, the City of Kingsville City Commission assures that the funds received through the grant will be returned to the Office of the Governor in full;

Dear Mayor Fugate,

My name is Bianca Mijares and I work in the Corpus Christi District Traffic Engineering Office of the Texas Department of Transportation. We recently conducted a speed study along SH 141 and had sent a previous letter with proposed speed zones that were passed by the city on October 23, 2023. There has been a shift in the Western City limits which will modify the 45-mph zone and the 35-mph school zone that was previously passed. Therefore, we are asking that the city modify the previously passed zone lengths for the 45-mph zone and the 35-mph school zone within the city ordinance based on our findings. We are proposing the following:

- That a 45-mph zone be established by the City of Kingsville from the west city limit of Kingsville (or 248FT East of Santa Gertrudis St) to a point 0.872 miles East of the west city limit.
- That a 35-mph school zone be established by the City of Kingsville from the west city limit of Kingsville (or 248FT East of Santa Gertrudis St) to a point 0.032 miles East of the west city limit.

If our proposal is satisfactory, please secure city action and return a copy of the city ordinance to our office. Once we have this information, we will schedule sign installations.

I have attached a map for your reference which includes the proposed speed zones in the area described above. If you have any questions or need additional information, please contact me at (361) 808-2276.

The Honorable Sam Fugate
Mayor of Kingsville, TX
400 W. King Avenue
Kingsville, TX 78363

Dear Mayor Fugate,

My name is Bianca Mijares and I work in the Corpus Christi District Traffic Engineering Office of the Texas Department of Transportation. We recently conducted a speed study along SH 141 and had sent a previous letter with proposed speed zones that were passed by the city on October 23, 2023. There has been a shift in the Western City limits which will modify the 45-mph zone and the 35-mph school zone that was previously passed. Therefore, we are asking that the city modify the previously passed zone lengths for the 45-mph zone and the 35-mph school zone within the city ordinance based on our findings. We are proposing the following:

- That a 45-mph zone be established by the City of Kingsville from the west city limit of Kingsville (or 248FT East of Santa Gertrudis St) to a point 0.872 miles East of the west city limit.
- That a 35-mph school zone be established by the City of Kingsville from the west city limit of Kingsville (or 248FT East of Santa Gertrudis St) to a point 0.032 miles East of the west city limit.

If our proposal is satisfactory, please secure city action and return a copy of the city ordinance to our office. Once we have this information, we will schedule sign installations.

I have attached a map for your reference which includes the proposed speed zones in the area described above. If you have any questions or need additional information, please contact me at (361) 808-2276.

AGENDA ITEM #10

**City of Kingsville
Legal Department**

TO: Mayor and City Commissioners

CC: Mark McLaughlin, City Manager

FROM: Courtney Alvarez, City Attorney

DATE: March 1, 2024

SUBJECT: Resolution regarding AEP Texas Inc. Rate Increase Filing

Summary: The purpose of this Resolution is to suspend the Statement of Intent to Change Rates proposed by AEP Texas and authorize the City to intervene in the Company's rate case proceeding before the Public Utility Commission in Docket No. 56165.

Background:

AEP Texas Inc ("AEP Texas" or "Company") filed an application on February 29, 2024 with cities retaining original jurisdiction seeking to increase system-wide distribution rates by \$110.4 million per year (an increase of 13.1%) and increase system-wide transmission rates by \$63.1 million (an increase of 9.29%). According to AEP Texas, the impact of this approval on an average residential customer would be an increase of about \$4.59 per month.

The resolution suspends the April 4, 2024 effective date of the Company's rate change for the maximum period permitted by law to allow the City, working in conjunction with other Cities served by AEP Texas to intervene in the Public Utility Commission Docket No. 56165 to evaluate the filing, determine whether the filing complies with law, and if lawful, to determine what further strategy, including settlement, to pursue.

The law provides that a rate request made by an electric utility cannot become effective until at least 35 days following the filing of the application to change rates. The law permits the City to suspend the rate change for 90 days after the date the rate change would otherwise be effective. **If the City fails to take some action regarding the filing before the effective date, AEP Texas's rate request is deemed approved.**

Purpose of this Resolution:

**City of Kingsville
Legal Department**

Explanation of “Be It Resolved” Paragraphs:

Section 1. The City is authorized to suspend the rate change for 90 days after the date that the rate change would otherwise be effective for any legitimate purpose. Time to study and investigate the application is always a legitimate purpose. Please note that the resolution refers to the suspension period as “the maximum period allowed by law” rather than ending by a specific date. This is because the Company controls the effective date and can extend the deadline for final city action to increase the time that the City retains jurisdiction if necessary to reach settlement on the case. If the suspension period is not otherwise extended by the Company, the City must take final action on AEP Texas’ request to change rates by July 3, 2024.

Section 2. This provision authorizes the City to participate in a coalition of Cities served by AEP Texas (“Cities”) in order to more efficiently represent the interests of the City and their citizens and authorizes the hiring of Lloyd Gosselink and consultants to review the filing, negotiate with the Company, and make recommendations to the City regarding reasonable rates. Additionally, it authorizes Cities to direct any necessary administrative proceedings or court litigation associated with an appeal of this application filed with the PUC.

Section 3. This section authorizes the City to intervene in and participate with Cities Served by AEP Texas as a party in the Company’s filing, PUC Docket No. 56165.

Section 4. The Company will reimburse the cities for their reasonable rate case expenses. Legal counsel and consultants approved by Cities will submit monthly invoices that will be forwarded to AEP Texas for reimbursement. No individual city incurs liability for payment of rate case expenses by adopting a suspension resolution.

Section 5. This section merely recites that the resolution was passed at a meeting that was open to the public and that the consideration of the Resolution was properly noticed.

Section 6. This section provides that both AEP Texas’ counsel and counsel for the Cities will be notified of the City’s action by sending a copy of the approved and signed resolution to certain designated individuals.

Financial Impact: None. Due to the type of filing, cities are entitled to reimbursement of their legal and consulting expenses. Thus, there will be no direct charge to the City for participating in the rate case.

**City of Kingsville
Legal Department**

Recommendation: Approve the resolution to suspend the Statement of Intent to Change Rates proposed by AEP Texas and authorize the City to intervene in the Company's rate case proceeding before the Public Utility Commission in Docket No. 56165.

WHEREAS, the City is an electric utility customer of AEP Texas and a regulatory authority with an interest in the rates and charges of AEP Texas; and
