#### **IV. Public Comment on Agenda Items.<sup>3</sup>**

##### **1. Comments on all agenda and non-agenda items.**

Harlis Burton, 902 Elizabeth, commented on his concerns regarding the new establishment that will be opening near his home. The establishment is a food truck court, and his concerns is the food truck court area is zoned for retail. He stated that neighbors around were not notified prior to the beginning of construction. Their first notice was posted in front of the property that a food truck court would be coming soon. There is no evidence that ordinance requirements were being met as in permits. He stated that he would like to see some of the permits that they applied for and approved. He stated that during mass, there were three individuals that were concealed carrying. He stated that they were there for a reason and it was during the meeting. He stated that there have been some bad things that have happened in other states, that he feels that we need to take into concern. He stated that if he is correct, this new location, food truck court, is a place for gathering people. He stated that he doesn't see any concern about security. He stated that he has done a lot of research on this and it has been a long process. There were problems with the previous owner, Mr. Nunez, who expected him to pay half of the fence that went up between the two properties, which is not to the regulations. He further commented that he doesn't know who the owners of the property are, as he has heard it has been sublet to someone else.

Gaylen Thompson, 905 Alexander, commented that their concerns are the same as Mr. Burton. He stated that there is an active alcohol location right across the street from this location. He further stated that no one has spoken to them about what is going on, which is their concern. He further stated that the permits there has any permits to discussed these permits and voted on these permits to which no one has told them anything. He stated that this is their concern.

##### **Consent Agenda**

##### **Notice to the Public**

*The following items are of a routine or administrative nature. The Commission has been furnished with background and support material on each item, and/or it has been discussed at a previous meeting. All items will be acted upon by one vote without being discussed separately unless requested by a Commission Member in which event the item or items will immediately be withdrawn for individual consideration in its normal sequence after the items not requiring separate discussion have been acted upon. ##### **CONSENT MOTIONS, RESOLUTIONS, ORDINANCES AND ORDINANCES FROM PREVIOUS MEETINGS:**

*(At this point the Commission will vote on all motions, resolutions, and ordinances not removed for individual consideration)*

**Motion made by Commissioner Lopez to approve consent agenda items 1, 2, 3, 5, 6, and 7 and move item #4 to the regular section of the agenda due to an error in the wording for that item, seconded by Commissioner Alvarez.**

Commissioner Lopez stated that according to agenda item #4 P&Z members are being reappointed to that board which includes Mr. Crispin Trevino who is not a current member, so there is no way that he can be reappointed. She stated that Mr. Trevino is being considered for this appointment in the regular section of the agenda under item #9. With this error, agenda item #4 needs to be removed from the consent agenda and placed under the regular section of the agenda, as Mr. Trevino is not a current member of the P&Z Board.

Mayor Fugate asked Ms. Alvarez if this item needs to be removed and redrafted.

Ms. Alvarez responded that it can be removed and vote on everybody but him for reappointment when you do the removal. Then vote on his initial appointment, which is item #9, which is already in the regular part of the agenda.

Commissioner Lopez asked if what Ms. Alvarez was stating was for the commission to approve everyone else but Mr. Trevino as he is not a current member.

Ms. Alvarez stated that Commissioner Lopez could get a second to her motion to approve items 1, 2, 3, 5, 6, and 7, and approve those under consent, then item 4 would automatically be the first item for the regular portion of the meeting.

The motion was passed and approved by the following vote: Alvarez, Hinojosa, Alarcon, Lopez, Fugate voting "FOR".

**1. Motion to approve final passage of an ordinance amending the Fiscal Year 2025-2026 Budget to accept and expend grant funds from the State Energy Conservation Office (SECO) for Parks lighting projects. (Parks Director).**

## **REGULAR AGENDA**

### **CONSIDERATION OF MOTIONS, RESOLUTIONS, AND ORDINANCES:**

#### **VI. Items for consideration by Commissioners.<sup>4</sup>**

**8. Consider appointment of Justin Woodall as the Texas A&M University-Kingsville representative for a 2-year term and Steven Flores as the Main Street Merchant representative for a 2-year term to the City of Kingsville Hotel Occupancy Tax Advisory Board. (Tourism Director).**

**Motion made by Commissioner Alvarez to approve the appointment of Justin Woodall as the Texas A&M University-Kingsville representative for a 2-year term and Steven Flores as the Main Street Merchant representative for a 2-year term to the City of Kingsville Hotel Occupancy Tax Advisory Board, seconded by Commissioner Lopez. The motion was passed and approved by the following vote: Hinojosa, Alarcon, Lopez, Alvarez, Fugate voting "FOR".**

**9. Consider appointment of Crispin Trevino for a 2-year term to the City of Kingsville Planning & Zoning Commission. (Interim Planning & Development Services Director/City Manager).**

**Motion made by Commissioner Lopez to table this item, and she will explain why.**

Commissioner Lopez stated that she would like to thank Mr. Trevino for wanting to serve and for already serving as the city's representative to the Kingsville Appraisal District Board. She stated that the reason she is asking to table this item is that normally, the commission is told when there are positions open, and it is known publicly so that people can know that there is a position open. This is a very important board, as all other boards are as well. She further stated that this item is listed under the Interim P&Z Director/City Manager, which is the presenter, which is Mr. Charlie Sosa, at this time. She stated that with this being said she is suggesting that this could be seen as appointing a family member to this board, which he was currently overseeing as of this morning. She also stated that the information of the vacancy of this board was not shared with the City Commission at an open meeting and passed practice of appointing citizens to our board has been to announce the opening at a commission meeting and to make our citizens aware of the opening so that they have the opportunity to request that they be considered. Lopez further commented that she does not understand the rush to fill this position as a quorum is always met and we need to be transparent and give the citizens the opportunity to be considered. She further commented that this is why she is asking to table this item.

Commissioner Alvarez commented that the problem in tabling this item is that it will be six months.

Mayor Fugate commented that the commission doesn't table it, we pass it. Mayor Fugate asked staff if this was ever discussed in one of our meetings that there was an opening.

Commissioner Alvarez and Commissioner Lopez responded no.

Commissioner Alvarez commented that the directors are the ones that make the recommendation.

Commissioner Lopez commented that the city commission always announce it and people call in and she has been asked by a lot of people that whenever the city has an opening to let them know as they would like to serve on that board. In this case there was no announcement. She is not sure what she is supposed to tell them. She stated that it would be fair to wait one more meeting and you will have the public on notice if they would like to participate.

Mayor Fugate asked Ms. Alvarez for her legal opinion on this situation.

Commissioner Hinojosa commented that this was not announced, but in the past, they haven't announced that there is an opening on any board, so the commission goes ahead and approves it.

Commissioner Alarcon commented that the last one he remembers is the opening that Krystal Emery was appointed to, which was brought up by past City Manager, Mr. Mark McLaughlin. That opening was just on the agenda.

Commissioner Alvare commented that they are usually just on the agenda.

Commissioner Lopez commented that she recalls them being announced so that it would give the people notice. She stated that instead of the motion she passes.

Mayor Fugate asked if you want to pass on an item, does there have to be a second.

Ms. Alvarez responded that the commission hasn't done it in the past, but it can certainly be done. It is usually a consensus to pass it.

Commissioner Alvarez asked that if it is moved to approve until the next city commission that would be on January 26<sup>th</sup>, but the deadline to turn in agenda items is tomorrow.

Commissioner Lopez commented that there is no need to rush this as this board has enough members for a quorum. This would give citizens to opportunity to call in if they are interested in serving.

Commissioner Hinojosa commented that the its been the board itself to recommend for somebody to be on that board.

Ms. Alvarez stated that we have had a hybrid, if there is a vacancy and if the director doesn't have a name, for example if a board member has moved or decides to no longer serve, then the board will try to find someone that is qualified. It is also mentioned to the commission where names can be proposed as well.

Mayor Fugate commented that there has not been one set rule on how this is to be done.

Commissioner Lopez commented that she is trying to help Mr. Sosa since he was in charge of this and it is a family member of his, just to be more transparent. She stated that she is just trying to be more transparent.

Commissioner Alvarez asked if this is like a brother or something to Mr. Sosa.

Commissioner Lopez responded that Mr. Trevino is a cousin.

Commissioner Alvarez responded that if it's a cousin, it is not nepotism.

Commissioner Lopez responded that it's not nepotism, but Mr. Sosa. Mr. Trevino already serves on a board, and it needs to be transparent.

Mayor Fugate commented that it will be up to what the commission wants to do with this item, as it is on the agenda. The item could be passed on and brought up at the next meeting or vote on it now.

**Motion made by Commissioner Hinojosa approve the appointment of Crispin Trevino for a 2-year term to the City of Kingsville Planning & Zoning Commission.**

Mrs. Mary Valenzuela, City Secretary, stated that a motion was already made by Commissioner Lopez and asked if Commissioner Lopez would like to remove that motion.

Commissioner Lopez stated that she will remove her motion, as they already know what they are going to do.

**Commissioner Hinojosa's motion was seconded by Commissioner Alarcon.**

Commissioner Alvarez stated that as for the deadline for the January 26<sup>th</sup> meeting, asked how late can you add a name to the agenda or do they wait until the following meeting, should this item not pass tonight.

Ms. Alvarez responded that since this is only a board appointment and not a contract or an ordinance that requires a lot of drafting, for this one particular item this one time, we can get it Thursday morning.

Commissioner Hinojosa asked if there is a rule or ordinance that states that any board member can not serve because they are related to the city manager or any other city official.

Ms. Alvarez responded that she doesn't think to regards to being related to the city manager, she thinks that if she heard the commissioner correctly, with regards to Commissioner Lopez concern was that up until the announcement made at the meeting earlier today, that the city manager was not putting Mr. Manny Salazar in charge of the Planning Department. The city manager had been to that point in charge of the Planning Department. The concern there was that he was going to be appointing a family member to a board that he would have been supervising.

Commissioner Alvarez stated that she would like agenda item stating that it would be the other Interim Planning Director. At the next meeting there will be another agenda item that states, it could be him again, but then it's not coming that it's a relative of Mr. Sosa. Commissioner Alvarez asked if Mr. Manny Salazar was related to Mr. Trevino.

Mayor Fugate responded no.

Commissioner Lopez commented that this is all for transparency.

Ms. Alvarez commented that if the concern was that the city manager was to oversee the board, as the Interim Planning Director and he has removed himself and has placed someone else to the position as Interim Planning Director then that immediate level of supervision of that relative is no longer there.

**The motion was passed and approved by the following vote: Alarcon, Alvarez, Hinojosa, Fugate voting "FOR". Lopez "AGAINST".**

**10. Consider condemnation of structure located at 619 W. Ragland, Kingsville, Texas. (Interim Planning & Development Services Director/City Manager).**

**Motion made by Commissioner Hinojosa, motion finding not able to repair building or structure is unsafe and present condition is a violation of ordinances and cannot be correct without substantial reconstruction then declare the building or structure to be a public nuisance and order its demolition by owner/agenda/person in charge within 30 days, seconded by Commissioner Alarcon. The motion was passed and**

approved by the following vote: Lopez, Alvarez, Hinojosa, Alarcon, Fugate voting "FOR".

**23. Discussion on duties, appointment, and qualifications of the City of Kingsville Ethics Review Board. (Commissioner Hinojosa).**

Commissioner Hinojosa stated that the reason he asked for this to be placed on the agenda is to be sure of what the duties are for those the commission chooses to appoint to this committee. This is the first time there has been a code of ethics filed, and the city does not have a board. He stated that he also would like to know what the qualifications are that he has already seen and does not have a problem with, but he does not know if he can discuss what is in the agenda packet as he does have other questions pertaining to the agenda packet information. He further asked if that could be discussed or does it have to be placed on another agenda.

Ms. Alvarez responded that when they had met, he was talking about discussing duties, appointments, and qualifications. If his discussion is with regards to those areas, then the commission is free to proceed.

Commissioner Hinojosa stated that he does have questions in other areas on the information that is included in the agenda packet. He asked if this needed to be done at the next meeting.

Ms. Alvarez asked if his questions were related to duties, appointments, and qualifications of the board members, or if they were something unrelated to those topics.

Commissioner Hinojosa stated that it is not relating to the qualifications, its relating to what is in the packet. He stated that if he understands correctly, they are following the code of ethics of the Local Government Code Art. 5 Ch 4 and 171. Chapter 4 is public officials and 171 is conflict of interest.

Ms. Alvarez responded that there is a code of ordinance which is found in Chapter 3, under the administration section of the City of Kingsville Code of Ordinances and in Article 13 is where the code of ethics is set out. Items 3-13-1, the statement purpose all the way through the end, which the last item is 3-13-57, Severability.

Commissioner Hinojosa asked if he could ask any questions. Ms. Alvarez responded that he could ask his questions and then at that time she can determine if it falls within what has been posted on the agenda. Commissioner Hinojosa stated that what he wants to know

is what is the definition of a public official. He stated that what he interprets as to what a public official is, would be any of the commissioners, department heads, city manager, city attorney, and municipal judge.

Ms. Alvarez stated that the official term is defined in the first set of definitions which are under 3-13-2 which includes 10 categories of individuals.

Commissioner Hinojosa stated that Section 3-13-2 is not what was included in the agenda packet. What was included was 3-13-36 through 3-13-47.

Ms. Alvarez stated that Sections 36-47 are with regard to the Ethic Review Board.

Commissioner Hinojosa asked if the public official does it list all the positions of a public official.

Ms. Alvarez stated that those are all listed in the definition section, but they are not called a public official; it's just called official.

Commissioner Hinojosa asked if this is on the lobbyist.

Ms. Alvarez responded no, as he may be looking at a different set of definitions. Alvarez stated that there is a set of definitions under 3-13-2 that list official and under that it includes 10 categories of individuals, Mayor, members of the commission, municipal court judge, city manager, city secretary, all department heads and assistant department heads, assistant to the Mayor, Executive Secretary, and members of all boards, commissions, committees, and other bodies created by the city commission pursuant to federal or state law or city ordinance including entities that may be advisory only in nature and board members of any entity who are appointed by the city commission to such board membership.

Commissioner Hinojosa further asked that if there is a code of ethics filed against the City Attorney, is the City Attorney exempt, as he did not hear Ms. Alvarez say City Attorney under the definitions.

Commissioner Alvarez stated that Ms. Alvarez did say City Attorney.

Ms. Alvarez responded that regardless, she is still a department head.

Commissioner Hinojosa asked if that would fall under that. He also asked if the City Attorney would also be a public official. Ms. Alvarez responded yes. Hinojosa stated that he only wanted to verify that because the City Attorney is the complaint officer for any complaints filed under the code of ethics.

Ms. Alvarez responded yes.

Commissioner Hinojosa stated that it addresses having a third party, an attorney from outside the city, they can be appointed under the recommendation of the City Attorney. He stated that he does not know who she would make that recommendation to or does it go the board.

Ms. Alvarez responded that it is addressed in the ordinance, but this is not staying on topic with what we have posted.

Commissioner Hinojosa stated that 3-13-40 states that the city attorney is the compliant officer and it also stated under (b) independent counsel, he stated that then the city attorney can appoint an outside counsel if it falls under certain categories. He further stated that it

also says that if it falls under any of the positions mentioned, then an outside counsel needs to be appointed. This would be for the Mayor or the a member of the city commission, city employee that is a department head or that is at a higher rank. Hinojosa asked who would be at a higher rank.

Ms. Alvarez responded that it would be the city manager, city attorney or municipal court judge. Those three positions would be a higher rank than department heads.

Commissioner Hinojosa asked that as the complaint moves up, they would be following the ordinance. (Held up a copy of the ordinance that was included in the agenda packet).

Ms. Alvarez responded yes.

Commissioner Hinojosa stated that he knows that the complaint is confidential and only two people that know about it at this time, City Attorney and City Secretary. He asked that at what point the complaint stops being confidential? Until it goes all the way up through the process? As eventually it will come to the city commission for approval, based on what the board decides. Based on the information or the evidence they are able to collect. Which in this case the City Attorney will be in charge of that.

Ms. Alvarez responded that she would assist the board in whatever the board asks or need assistance with. The board itself would control the process with regards to the complaint. The board with regards to disposition could either dismiss, make a recommendation of dismissal or make a recommendation for action, recommendation for a civil remedy which would then come before the city commission for consideration, or they can make a recommendation for criminal prosecution which would then go to the law enforcement agency.

Commissioner Hinojosa stated that the commission is going to ask somebody to be part of this board and they need to know what they are getting into, what are the duties and looking forward to be. He further stated that social media can kill us, he believes it was Albert Garcia saying that they appoint people to boards, but there is no training. At what point in time will they get any training or will they get any training as to what they are supposed to do or follow and who will do the training. Hinojosa stated that it is hard as he will have to go and get someone and ask them if they would like to serve on this board and if he is asked what the duties are, he wouldn't know what to tell them. He stated that he would like to get someone to serve on the board that will be able to follow the duties.

Ms. Alvarez responded that this board, as with any other board, have the staff liaison that is responsible with working with the board, train any board member, as the staff liaison for this board one would be training anybody that is appointed to the board to help guide them with regard to the roles and responsibilities as she is sure every director does for their board when they have a new member.

Commissioner Hinojosa stated that this is a very sensitive board. He stated that this is where he is at a loss, he understands that someone has to give them some type of direction based on the complaint and confidentiality. Bringing in a board where now instead of two people knowing now there will be seven. At one point in time the information will need to be disclosed to the board. He stated that it is hard for him to be able to appoint somebody at this point plus the other thing hanging over his head is the recall. He further stated that he would rather wait until the recall is behind us, before he appoints somebody. He stated that those are the two things that bother him about this board at this time.

Commissioner Alvarez asked, for clarification, that the board could dismiss or whatever, and asked if what Ms. Alvarez meant with regards to dismiss is to dismiss the complaint and not the person.

Ms. Alvarez responded that it is an advisory board.

Commissioner Alvarez further asked if it would come back to the city commission, comes back the decision of the ethics review board comes to the commission to make the final decision. She further stated that this city was established in 1904 and there has never been an ethics committee so why all of a sudden do we have to do this as it is very complicated and there is more than two people that know about this complaint, as she thinks that the whole town knows about who the complaint is. She further stated that she doesn't know why the city is looking into doing this as the city has survived all this time without one and why even having to have one know.

Commissioner Alarcon stated that the city has all the other boards, these boards are all public and they use the Community Room for meetings. Alarcon asked what would happen with the Ethics Review Committee when they meet? Will their meeting be made public?

Ms. Alvarez responded that this is addressed in the code of ordinances as well, not sure if it falls under duties, appointments, or qualifications, but there is a level of discretion within board meetings and that is covered in the ordinance advisory opinions are provided to the city commission and those would be public records.

Mayor Fugate commented that what may help the city commission is if the city attorney would develop a qualifications, duties and responsibilities of these members, just do a summary of that. He further stated that it may assist. He further stated that the first question they will get from someone they asked to serve on this board will be what are the duties.

Ms. Alvarez responded to review complaints that are received that qualify under this particular ordinance.

Mayor Fugate asked Ms. Alvarez to draft up a summary, it would probably help. Commissioner Hinojosa commented that he would like to see in that summary the packet that was included in the agenda. This way they will no the ins and outs

Ms. Alvarez responded yes, it was included in the agenda packet as well, as per Commissioner Hinojosa's request.

**24. Executive Session: Pursuant to Section 551.071, Texas Government Code, Consultation with Attorney Exception, the City Commission shall convene in executive session to seek legal advice from the City Attorney regarding a matter in which the duty of the attorney to the governmental body under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with this chapter. (City Attorney).**

Ms. Alvarez stated that an executive session is not needed at this time.

## From Bishop to the ring

Skalli, Furiosa compete in AKC sanctioned dog show

By Fred Salinas  
Contributing Reporter

Bishop resident Angelic "Angie" Delgado recently participated in a dog show hosted by the Corpus Christi Kennel Club held at the San Patricio Fairgrounds on Jan. 8-11 in Sinton.

The superintendent of the show was Onofrio Dog Shows and it was officially an American Kennel Club (AKC) sanctioned event.

Delgado showed two dogs over the weekend, an almost 2-year-old female American Hairless Terrier named Skalli and a 4-year old standard poodle named Furiosa.

Skalli was awarded Best Female all four days and took Best of Winners on one of the days.

Furiosa earned Best of Breed Owner Handler two of the four days. Furiosa is already an AKC Champion and a National and International Champion.

"Skalli is young and still learning the ropes of showing. She has a promising future and I have no doubt she will be a finished champion just like Furiosa," Delgado said.

Delgado has been showing standard poodles since 2019 and just recently started showing American hairless terriers this past year.

She is planning on competing in a dog show hosted by the Fort Worth Kennel Club on March 21-22 at the Will Rogers Memorial Coliseum in Fort Worth.

Delgado keeps busy between shows with her small dog and cat grooming business.

## Lady Seahawks remain undefeated in district

By Ted Figueroa  
Reporter

Last Tuesday, The Riviera Lady Seahawks took care of business at Santa Maria with a 54-13 solid district win.

Zariah Gonzalez led the team with 21 points. Jaymie Ten-Cate added 15, Morgan Butler scored six, and Alyssa Bursiel and Eliana Abrigo each finished with four.

Head Coach Elias Arredondo praised the defensive play on the night.

"I continue to be impressed by the defensive depth of this team. While we are still working to find consistency within our offensive scheme, our defensive strategy is creating plenty of opportunities. I'm looking forward to continued improvement," Arredondo said.

The Lady Seahawks also defeated Ben Bolt last Friday night 39-27. Kauffer has now won eight straight games and finished the first round of district play undefeated at 6-0. They are currently 6-0 in district and 14-6 overall.

Against Ben Bolt, the Lady Seahawks never fell behind. During the first quarter, they jumped out early, leading 12-4. By halftime Riviera had a 20-10-point advantage. In the third they extended their lead 29-13. During the fourth

quarter, Ben Bolt outscored Riviera 14-10, but the early deficit was too much to overcome.

Arredondo broke down some key components of the game.

"Kauffer's defensive pressure was a key factor, holding Ben Bolt to single-digit scoring in three of four quarters. Zariah Gonzalez anchored the

defensive effort with 10 steals. Jaymie Ten-Cate, Maisyn Bippert, Morgan Butler, and Angelica Ortega all contributed in key stretches as Kauffer used multiple lineup combinations throughout the game," Arredondo said.

The Lady Seahawks will be on the road this Friday to take on Agua Dulce and hope to stay undefeated in district.

## Lady Brahma Powerlifting takes first place at Mathis Invitational

By Ted Figueroa  
Reporter

The Lady Brahma Powerlifting team dominated and took first place overall at the Mathis Invitational Meet last week. Head Coach Aldea Amaya said her athletes earned the achievement through hard work, confidence, heart and grit.

"Our team dominated their second meet of the season, earning first place overall as a team. Every lift, every medal, and every point reflected the dedication, sacrifice, and belief these athletes

have in themselves and each other. While this win was amazing, we'll be back in the weight room to tighten up a few things and continue improving. This achievement did not happen by chance, our athletes earned it through hard work, confidence, heart, and grit, representing our program with pride and excellence," Amaya said.

In the 114-weight class, Kaelynn Morales earned first place. In the 123-weight class, Azzarwe Chavara took third place. In the 132-weight class, Skylar Salazar earned third place and Miranda Marti-

nez took fourth place. In the 148-weight class, Nevaeh Calzada earned first place and Rhyana Vela took third place. In the 165-weight class, Sofia Gomez earned fourth place. In the 198-weight class, Josie Garcia earned first place. In the 220-weight class, Giana Selby took first place and in the 242+ weight class, Saliy Ramirez earned first place.

"We are so proud of every member of the Lady Brahma team for continuing to raise the standard, trusting the process, and showing up to put in the work," Amaya said.

Please read the process for appointing citizens to our Boards. This shows TRANSPARENCY! Gives all our citizens a chance to participate in the process.

On May 14, 2024, Krystal Emery requested an in-person meeting with Mark McLaughlin to express her interest in volunteering for an open board position. Mark recommended the open Planning & Zoning Commission vacancy and asked that she formally email her interest in applying, along with her résumé, for submission to the City Commissioners for review. Krystal sent the requested information that evening to the citymanager@cityofkingsville.com email address, and CC'd City Secretary Mary Valenzuela.

The following day, May 15, 2024, the Planning & Zoning Commission held a regular meeting, which Krystal attended. During that meeting, Mark introduced her to the Board, and the members unanimously supported her appointment as the final member, as documented in Mark's May 20, 2024 memo (page 112 of the June 10, 2024 Agenda Packet).

On June 10, 2024, Agenda Item 10 of the Regular Agenda read as follows:

"10. Consider appointing Krystal Emery to the Planning & Zoning Commission for a two-year term. (City Manager)."

The following information is taken directly from the June 10, 2024, Commission Minutes, Page 4: "Motion made by Commissioner Hinojosa to approve the appointment of Krystal Emery to the Planning & Zoning Commission for a two-year term, seconded by Commissioner Lopez. The motion was passed and approved by the following vote: Hinojosa, Alarcon, Lopez, Alvarez, Fugate voting "FOR"."

Krystal's term began in June 2024 and is set to expire in June 2026.

The memo presented at the January 12, 2026, meeting contains incorrect term information, and Krystal's last name is spelled incorrectly in the subject line and body. Please correct those items for the next meeting.

FYI- there were several typos in the names of the Board members being reappointed in the Agenda of Jan 12, 2026 (Brian Coufal, Krystal Emery, & Linda Castaneda).

**Summary:**

The Noon Lion's Club is seeking the City's sponsorship in the Annual Ride on the Wild Side charity bike tour that occurs partly through the City and the King Ranch on April 25, 2026. This will be the 21<sup>st</sup> year the City has participated in this event. Proceeds from this charity bike ride benefit the Lion's Disabled Children's Camp in Kerrville, of which Kingsville disabled children directly benefit.

**Background:**

The Noon Lion's Club requests the City participate by allowing the use of city streets for the tour, providing cones and one police officer to escort the riders as they go through town (if needed), and having an ambulance on stand-by for the event. The bike route will be well staffed with Noon Lion's Club volunteers and other volunteers as well.

While the April 2020 bike event (which was to be the 17<sup>th</sup> year of the ride) was approved by the City Commission and the King Ranch, it could not be held due to the start of the COVID pandemic. No event was scheduled for 2021. Accordingly, the Noon Lion's Club started the event up again in 2022, which became the 17<sup>th</sup> year the ride was held.

## From Bishop to the ring

Skalli, Furiosa compete in AKC sanctioned dog show

By Fred Salinas  
Contributing Reporter

Bishop resident Angelic "Angie" Delgado recently participated in a dog show hosted by the Corpus Christi Kennel Club held at the San Patricio Fairgrounds on Jan. 8-11 in Sinton.

The superintendent of the show was Onofrio Dog Shows and it was officially an American Kennel Club (AKC) sanctioned event.

Delgado showed two dogs over the weekend, an almost 2-year-old female American Hairless Terrier named Skalli and a 4-year old standard poodle named Furiosa.

Skalli was awarded Best Female all four days and took Best of Winners on one of the days.

Furiosa earned Best of Breed Owner Handler two of the four days. Furiosa is already an AKC Champion and a National and International Champion.

"Skalli is young and still learning the ropes of showing. She has a promising future and I have no doubt she will be a finished champion just like Furiosa," Delgado said.

Delgado has been showing standard poodles since 2019 and just recently started showing American hairless terriers this past year.

She is planning on competing in a dog show hosted by the Fort Worth Kennel Club on March 21-22 at the Will Rogers Memorial Coliseum in Fort Worth.

Delgado keeps busy between shows with her small dog and cat grooming business.

## Lady Seahawks remain undefeated in district

By Ted Figueroa  
Reporter

Last Tuesday, The Riviera Lady Seahawks took care of business at Santa Maria with a 54-13 solid district win.

Zariah Gonzalez led the team with 21 points. Jaymie Ten-Cate added 15, Morgan Butler scored six, and Alyssa Bursiel and Ellana Abrigo each finished with four.

Head Coach Elias Arredondo praised the defensive play on the night.

"I continue to be impressed by the defensive depth of this team. While we are still working to find consistency within our offensive scheme, our defensive strategy is creating plenty of opportunities. I'm looking forward to continued improvement," Arredondo said.

The Lady Seahawks also defeated Ben Bolt last Friday night 39-27. Kaufer has now won eight straight games and finished the first round of district play undefeated at 6-0. They are currently 6-0 in district and 14-6 overall.

Against Ben Bolt, the Lady Seahawks never fell behind. During the first quarter, they jumped out early, leading 12-4. By halftime Riviera had a 20-10-point advantage. In the third they extended their lead 29-13. During the fourth

quarter, Ben Bolt outscored Riviera 14-10, but the early deficit was too much to overcome.

Arredondo broke down some key components of the game.

"Kaufer's defensive pressure was a key factor, holding Ben Bolt to single-digit scoring in three of four quarters. Zariah Gonzalez anchored the

defensive effort with 10 steals.

Jaymie Ten-Cate, Maisyn Bippert, Morgan Butler, and Angelica Ortega all contributed in key stretches as Kaufer used multiple lineup combinations throughout the game," Arredondo said.

The Lady Seahawks will be on the road this Friday to take on Agua Dulce and hope to stay undefeated in district.

## Lady Brahma Powerlifting takes first place at Mathis Invitational

By Ted Figueroa  
Reporter

The Lady Brahma Powerlifting team dominated and took first place overall at the Mathis Invitational Meet last week. Head Coach Aldee Amaya said her athletes earned the achievement through hard work, confidence, heart and grit.

"Our team dominated their second meet of the season, earning first place overall as a team. Every lift, every medal, and every point reflected the dedication, sacrifice, and belief these athletes

have in themselves and each other. While this win was amazing, we'll be back in the weight room to tighten up a few things and continue improving. This achievement did not happen by chance, our athletes earned it through hard work, confidence, heart, and grit, representing our program with pride and excellence," Amaya said.

In the 114-weight class, Kaelynn Morales earned first place. In the 123-weight class, Azzare Chavara took third place. In the 132-weight class, Skylar Salazar earned third place and Miranda Marti-

nez took fourth place. In the 148-weight class, Nevaeh Calzada earned first place and Rhyana Vela took third place. In the 165-weight class, Sofia Gomez earned fourth place. In the 198-weight class, Josie Garcia earned first place. In the 220-weight class, Glana Selby took first place and in the 242+ weight class, Suley Ramirez earned first place.

"We are so proud of every member of the Lady Brahma team for continuing to raise the standard, trusting the process, and showing up to put in the work," Amaya said.

DATE: January 9, 2026

SUBJECT: Consider Approving Change Order No. 1 Bid No. 25-11 for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237 Project 3 – Caesar Ditch Improvements

---

**Purpose:**

Consider approving Change Order No. 1 (CO-1) for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237. CO-1 is in the amount of \$165,000.00 for a bypass pumping system and lab testing procedures for the entirety of the project duration.

This change order addresses unforeseen issues during construction; it is for maintaining site conditions. It was noted that during rain events and utility breaks in the city that the Caesar Ditch would hold the runoff water causing damage and delays at the construction site. Additionally, the city had been incurring the testing cost during construction. CO-1 would allow the grant to pay for the testing cost. CO-1 is 2.35% of the original contract amount of \$7,026,961.60 which falls within the 25% allowance per the GLO contract.

**Summary:**

***GLO Change Order No. 2 – Contract Time***

<b>Description</b>	<b>Cost</b>
<b><u>Bypass Pumping, \$90,000.00/LS</u></b>	<b><u>90,000.00</u></b>
<b><u>Additional Required Testing, \$75,000.00/LS</u></b>	<b><u>75,000.00</u></b>
<b><u>Contract Price with CO-1</u></b>	<b><u>\$7,191,961.60</u></b>

**Background:**

As part of the GLO CDBG-MIT Hurricane Harvey State Mitigation Competition grant. Project 3 – Caesar Ditch Improvements is a critical component of the city's infrastructure upgrades. This project includes the installation of box culverts along Caesar Ditch from IH 69 (US 77 bypass) to 18<sup>th</sup> Street, junction boxes, and related appurtenances.

**City of Kingsville

**Financial Impact:**

The cost of CO-1 is \$165,000.00. (from the grant).

Re: **CDBG-MIT GLO Contract No. 22-085-009-D237 Project 3, (City of Kingsville Bid No. 25-11) – ICE CO 1 Proposal Recommendation**

Dear Mr. Cardenas,

This is in reference to ICE's recommendation on Mor-Wil's change order proposal.

This change order proposal was submitted by Mor-Wil, LLC in the amount of \$165,000.00 for a bypass pumping system and lab testing procedures for the entirety of the project duration.

ICE agrees that bypass pumping is required to maintain construction site conditions. The amount of \$90,000 for bypass pumping throughout the remainder of the project is considered acceptable. The general cost of bypass pumping varies depending on the size and duration of a project, as well as the volume of water infiltration. Determining a set amount is difficult in these current industry conditions. ICE has reviewed and researched this cost and can verify that it is reasonably priced for this particular project, given the amount of water infiltration, volume of bypass pumping, and project scope. ICE has witnessed the continuous surface water infiltration at the construction site due to irrigation and water main breaks that enter the storm system upstream of the job site.

Additionally, the amount of \$75,000 is for lab testing procedures. Similar to the bypass pumping, testing costs vary by project based on size of scope and testing schedule requirements. Lab testing is necessary for this project as it provides cured concrete compressive strength, depth & density of roadway subgrade and base material, the density of the soil that will be utilized for backfill, and hot mix asphalt cores. The City of Kingsville has provided a schedule of services and fees for geotechnical testing from previous city projects. Utilizing this schedule of fees along with the materials testing schedule for this project, ICE agrees that \$75,000.00 is a reasonable amount to allow for all necessary materials testing for the remainder of the project.

This change order will increase the original contract amount of \$7,026,961.60 by approximately 2.35%, which falls within the 25% allowance per the GLO contract. The construction contract end date will be extended from the previous date of July 27, 2026 to August 11, 2026. The City of Kingsville has the final decision to approve/not approve change orders. It is ICE's opinion that should the city approve this change order; it will be for bypass pumping operations and lab testing procedures only.

TO: Mayor and City Commissioners

DATE: January 9, 2026

SUBJECT: Consider Approving Change Order No. 1 Bid No. 25-12 for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237 Project 5 – Caesar Drainage Improvements

---

**Purpose:**

Consider approving Change Order No. 1 (CO-1) for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237. CO-1 is in the amount of \$165,000.00 for a bypass pumping system and lab testing procedures for the entirety of the project duration. Also this CO-1 would extend 15 contract days.

This change order addresses unforeseen issues during construction; it is for maintaining site conditions. It was noted that during rain events and utility breaks in the city that the Caesar Ditch would hold the runoff water causing damage and delays at the construction site. The same conditions will occur upstream. Additionally, the city had been incurring the testing cost during construction for project 3. To avoid the same occurrence, CO-1 would allow the grant to pay for the testing cost. CO-1 is 4.82% of the original contract amount of \$3,420,657.39 which falls within the 25% allowance per the GLO contract.

**Summary:**

Re: CDBG-MIT GLO Contract No. 22-085-009-D237 Project 5, (City of Kingsville Bid No. 25-12) – ICE CO 1 Proposal Recommendation

Dear Mr. Cardenas,

This is in reference to ICE's recommendation on Mor-Wil's change order proposal.

This change order proposal was submitted by Mor-Wil, LLC in the amount of \$165,000.00 for a bypass pumping system and lab testing procedures for the entirety of the project duration.

ICE agrees that bypass pumping is required to maintain construction site conditions. The amount of \$90,000 for bypass pumping throughout the remainder of the project is considered acceptable. The general cost of bypass pumping varies depending on the size and duration of a project, as well as the volume of water infiltration. Determining a set amount is difficult in these current industry conditions. ICE has reviewed and researched this cost and can verify that it is reasonably priced for this particular project, given the amount of water infiltration, volume of bypass pumping, and project scope. ICE has witnessed the continuous surface water infiltration at the construction site due to irrigation and water main breaks that enter the storm system upstream of the job site.

Additionally, the amount of \$75,000 is for lab testing procedures. Similar to the bypass pumping, testing costs vary by project based on size of scope and testing schedule requirements. Lab testing is necessary for this project as it provides cured concrete compressive strength, depth & density of roadway subgrade and base material, the density of the soil that will be utilized for backfill, and hot mix asphalt cores. The City of Kingsville has provided a schedule of services and fees for geotechnical testing from previous city projects. Utilizing this schedule of fees along with the materials testing schedule for this project, ICE agrees that \$75,000.00 is a reasonable amount to allow for all necessary materials testing for the remainder of the project.

This change order will increase the original contract amount of \$3,420,657.39 by approximately 4.82%, which falls within the 25% allowance per the GLO contract. The construction contract end date will be extended from the previous date of May 28, 2026 to June 12, 2026. The City of Kingsville has the final decision to approve/not approve change orders. It is ICE's opinion that should the city approve this change order; it will be for bypass pumping operations and lab testing procedures only.

Re: **CDBG-MIT GLO Contract No. 22-082-016-D218 Project 1, (City of Kingsville Bid No. 24-09) – ICE CO 3 recommendation**

Dear Mr. Cardenas,

This memorandum is in reference to ICE's recommendation to Change Order 3, in the amount of \$3,554.45. This change order addresses the electrical service connection that is required for the sanitary sewer lift station. The lift station shall be serviced with a 3-phase volt service to sustain the necessary function and safety.

Additionally, the amount of \$3,554.45 was provided by AEP Texas (American Electric Power) to the contractor for the proposed electric distribution service. The contractor provided ICE with the breakdown of the cost from AEP Texas and was further verified on TxDot's Low Bid Average publication.

This Change Order 3 along with Change Orders 1 and 2 will decrease the original contract amount of \$2,593,299.15 by approximately 0.81%, which falls within the 18% allowance per the GLO contract. The adjusted contract amount with this and previous change orders will be \$2,572,298.90. ICE has reviewed the contractor's change order proposal item (CO 3-1) and has verified that the new contract item is reasonably priced and within average market value.

Therefore, it is ICE's recommendation to approve Change Order 3. The City of Kingsville has the final decision to approve/not approve change orders.

If you have any questions or need additional information, please contact me at (361) 826-5805 or [julio@icengineers.net](mailto:julio@icengineers.net)

**WHEREAS**, the City of Kingsville (City) intends to make some sanitary sewer improvements through a General Land Office (GLO) Community Development Block Grant (CDBG) -Mitigation (MIT) program via Contract No. 22-082-016-D218 for Project 1: 14<sup>th</sup> Street Sanitary Sewer Improvements and went out for bids via BID #24-09 which was advertised in 2024;

**WHEREAS**, the three bids were received on April 18, 2024 responsive to BID #24-09 and after reviewing the bid submittals staff and the outside engineer (ICE) recommended the bid be awarded to the low bidder, which was Donald Hubert Construction Co. from Kingsville, Texas (vendor);

**WHEREAS**, the City awarded BID#24-09 to Vendor at a Commission meeting on August 26, 2024 for a total amount of \$2,593,299.15;

**WHEREAS**, the contract could not be executed because the amendment included revisions to this particular project site and the state contract amendment was not able to be fully executed until January 31, 2025;

**WHEREAS**, the successful low bidder was then contacted to see if their bid was still going to be honored and they agreed that they would honor the bid;

**WHEREAS**, the City and Vendor worked to prepare a construction contract that was approved by City Commission on April 14, 2025 via Resolution #2025-38 for GLO CDBG-MIT Contract No. 22-082-016-D218 Project 1: 14<sup>th</sup> Street Sanitary Sewer Improvements for the base bid (\$2,523,299.15) and for alternates nos. 1& 2 (\$70,000.00), which together total an amount of \$2,593,299.15 with a contract time of 240 calendar days;

**WHEREAS**, the Change Order No.1 did three things (1) substituted approximately 600 LF of 12" PVC gravity sanitary sewer line with 6" PVC sanitary sewer force main with all appurtenances such as pipe encasement and sanitary sewer manholes, (2) relocated the driveway location for the lift station at the request of the Texas Department of Transportation, and (3) updated the HUD-4010 Federal Labor Standards Provisions documents to the most current

version, which resulted in a contract price decrease of \$36,414.70 and no change in the contract time;

**WHEREAS**, the City Commission via Resolution #2025-67 on July 14, 2025 approved Change Order #1 to the construction contract with Vendor for a new total contract amount of \$2,556,884.45 and the same contract time of 240 calendar days;

**WHEREAS**, the City Commission via Resolution #2025-99 on December 8, 2025 approved Change Order #2 (adding \$11,860.00 and 90 calendar days) to the construction contract with Vendor for a new total contract amount of \$2,568,744.45 and a new contract time of 330 calendar days;

**WHEREAS**, the proposed Change Order No.3 is necessary due to an unforeseen issue during construction regarding an electrical service connection expense at the lift station from the transmission provider, which results in a contract price increase of \$3,554.45 and no change in the contract time;

**WHEREAS**, staff is recommending the City Commission approve Change Order #3 for the construction contract with Vendor as presented for a new total amount of \$2,572,298.90 and the same contract time of 330 calendar days;

SUBJECT: Consider Approving Change Order No. 4 Bid No. 24-19 for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237 Project 2 – 19<sup>th</sup> Street Improvements

---

**Purpose:**

Consider approving Change Order No. 4 (CO-4) for the General Land Office (GLO) Community Development Block Grant Mitigation (CDBG-MIT) Contract No. 22-085-009-D237. CO-4 is to increase the contract cost by \$17,250.00 and contract time by **60 calendar** days.

This change order addresses unforeseen issues during construction, including utility adjustments with a conflict with the 6' x 4' concrete box being constructed. As a result a change in design will need to be added to include a larger 7' x 4' concrete box. However, time has lapsed in the contract time and another time extension will be needed in order to continue construction.

**Summary:**

***GLO Change Order No. 4 – Construction and Contract Time***

<b>Description</b>	<b>Calendar Days</b>
<b>Time extension for R.S. Parker contract</b>	<b>60</b>
<b>1 7'x4' cast in place junction box LS</b>	<b>\$17,250.00</b>

**Contract Price and Time                      \$1,648,054.96 and 465 Calendar Days**

**Background:**

As part of the GLO CDBG-MIT Hurricane Harvey State Mitigation Competition grant. Project 2 – 19<sup>th</sup> Street Improvements is a critical component of the city's infrastructure upgrades. This project includes the installation of box culverts along 19<sup>th</sup> Street from Kenedy Ave to Tranquitas Creek, junction boxes, and related appurtenances.

**City of Kingsville  
Engineering Dept.**

**Financial Impact:**

The cost of CO-4 is \$17,250.00 (Fund 122) which is grant funded.

**Recommendation:**

Staff recommends approving the Change Order No. 4 for CDBG-MIT GLO Contract No. 22-085-009-D237 -- Project 2 (19<sup>th</sup> Street Improvements) in the amount of \$17,250.00 and for the increased 60 calendar days.

**Re: CDBG-MIT GLO Contract No. 22-085-009-D237 Project 2, (City of Kingsville Bid No. 24-19) – ICE CO 4 recommendation**

Dear Mr. Cardenas,

This memorandum is in reference to ICE's recommendation to Change Order 4, in the amount of \$17,250.00.

During the week of September 15, 2025, a city wastewater line was discovered to be in direct conflict with the 6'x4' reinforced concrete box being constructed. Representatives from International Consulting Engineers, City Engineering & Public Works, and R.S. Parker Construction met onsite to discuss the conflict and possible solutions.

ICE's solution to this conflict is to construct a cast-in-place concrete junction box that will adjust the flowline elevation to avoid the wastewater line conflict. The box was designed and submitted to the R.S. Parker Construction for a proposal request. The amount of \$17,250.00 was proposed by the contractor and was further verified. ICE utilized TxDot's Low Bid Average publication and previous bids for similar items. Moreover, ICE reviewed and researched this proposed cost and can verify that it is reasonable for the current market.

A 60-day construction contract extension is ICE's recommendation to allow the contractor to execute the utility conflict solution, finalize construction, and execute closeout documents.

The construction contract end date will be extended from the previous date of February 11, 2026 to April 12, 2026. This Change Order 4 will increase the original contract amount of \$1,630,804.89 by approximately **1.06%**, which falls within the 25% allowance per the GLO contract. The adjusted contract amount with this change order will be \$1,648,054.96. ICE has reviewed the contractor's change order proposal item (CO 4-1) and has verified that the new contract item is reasonably priced and within average market value.

Therefore, it is ICE's recommendation to approve Change Order 4. The City of Kingsville has the final decision to approve/not approve change orders. If you have any questions or need additional information, please contact me at (361) 826-5805 or [julio@icengineers.net](mailto:julio@icengineers.net)

## **Project Time Extension Request**

January 8, 2026, 2025

ATTN: Martin Medrano, Charlie Cardenas

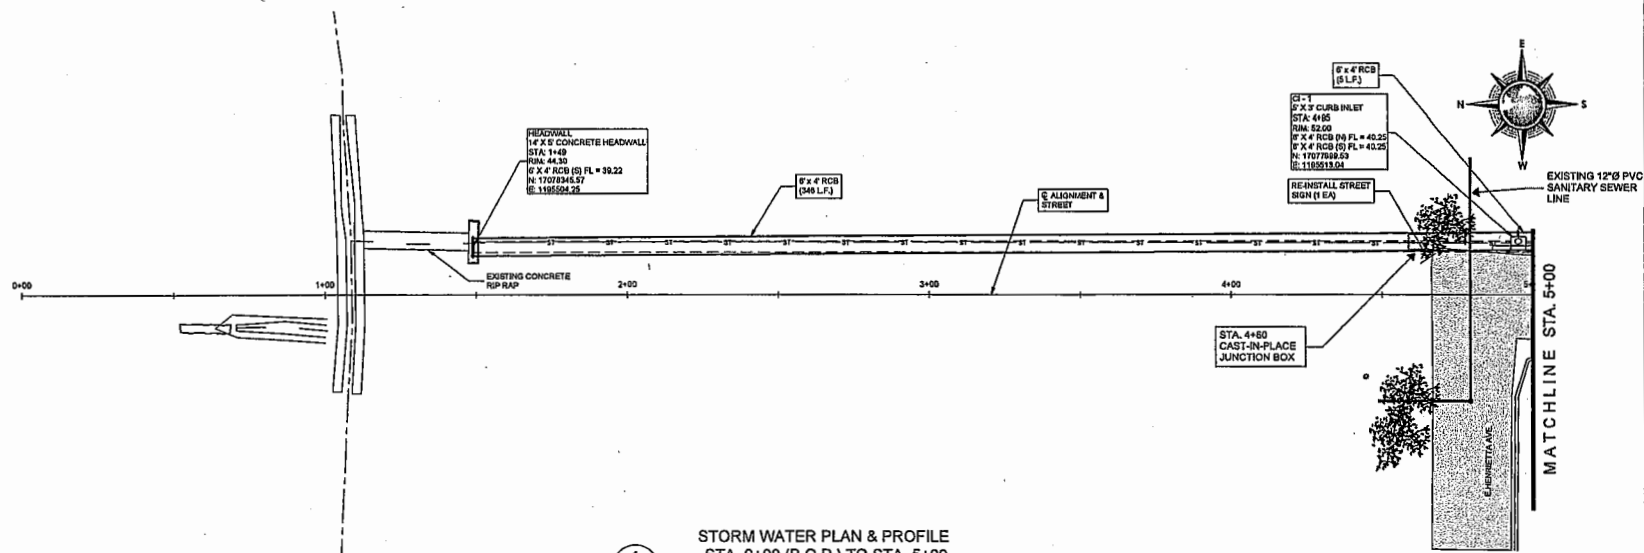

**Re: City of Kingsville GLO SW Project 2 (N. 19<sup>th</sup> St.) Storm Water Improvements**

The purpose of this letter is to request an additional 60 Day Extension to the project end date for the City of Kingsville GLO SW Project 2 (N. 19<sup>th</sup> St.) Storm Water Improvements project. R. S. Parker Construction is requesting this delay in response to the project suspension issued by Charlie Cardenas on September 19<sup>th</sup>, 2025 regarding the discovered conflict with the existing sanitary sewer system and the proposed box culvert installation design delays. R.S. Parker Construction is requesting this 60-Day extension to the proposed project end-date, to April 12, 2026. Please consider that any days that pass from the submission of this letter until the approval of design changes may need to be added to the project time-line in the future. Thank you for your understanding and consideration.

If you have any questions please contact Rodney Parker on his cell 361-533-1307 or Derek Parker on his cell 361-960-1662.

Respectfully Submitted,

**RESOLUTION #2026-\_\_\_\_\_**

**A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE CHANGE ORDER #3 FOR THE CONSTRUCTION CONTRACT WITH R.S. PARKER CONSTRUCTION LLC FOR THE GLO CDBG-MIT CONTRACT 22-085-009-D237 PROJECT 2: N. 19<sup>TH</sup> STREET- STORM WATER IMPROVEMENTS PROJECT; REPEALING ALL CONFLICTING RESOLUTIONS AND PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City of Kingsville (City) intends to make some sanitary sewer improvements through a General Land Office (GLO) Community Development Block Grant (CDBG) -Mitigation (MIT) program via Contract No. 22-085-009-D237 Project 2: N. 19<sup>th</sup> Street- Storm Water Improvements Project and went out for bids via BID #24-19 which was advertised on August 22<sup>nd</sup> & 29<sup>th</sup>, 2024;

**WHEREAS**, three bids were received on September 17, 2024 responsive to BID #24-19 and after reviewing the bid submittals staff and the outside engineer (ICE) recommended the bid be awarded to the low bidder, which was R.S. Parker Construction LLC, from Corpus Christi, Texas (Vendor);

**WHEREAS**, the City awarded BID#24-19 to Vendor at a Commission meeting on October 15, 2024 for a total amount of \$1,630,804.89;

**WHEREAS**, the City and Vendor worked to prepare a contract for GLO CDBG-MIT Contract No. 22-085-009-D237 Project 2: N. 19<sup>th</sup> Street Storm Water Improvements Project; the parties both agreed to the terms of the proposed contract for a total amount of \$1,630,804.89 with a contract time of 180 calendar days, which was approved by City Commission on October 28, 2024 via Resolution #2024-85;

**WHEREAS**, the total award and the contract price showed a minor difference due to a clerical error so an increase of \$0.07 was proposed and 75 additional days were requested due to delays in receiving materials (reinforced concrete boxes) for the project that are beyond the control of the Vendor, and these changes were approved by City Commission on February 24, 2025 via Resolution #2025-24 authorizing Change Order No.1 for a new total contract price of \$1,630,804.96 and a new contract time of 255 calendar days;

**WHEREAS**, there were additional delays beyond the control of the Vendor for the delivery of the reinforced concrete boxes for this project so an additional 60 days was requested for the contract time period, and the wage schedule rate was changed from a highway classification to a heavy classification, which required Change Order No.2, which was approved by the City Commission via Resolution

#2025-48 on April 28, 2025, and resulted in no change to the total contract price of \$1,630,804.96 and a new contract time of 315 calendar days;

**WHEREAS**, there have been unforeseen issues during construction, including utility adjustments with a conflict with the 6'x4' concrete box being constructed, that resulted in a change in design causing a need for 90 additional contract days;

**WHEREAS**, the unforeseen issues require 90 calendar days be requested for the contract time period, which requires Change Order No.3 that would result in no change to the total contract price of \$1,630,804.96 and a new contract time of 405 calendar days;

**BE IT RESOLVED** by the City Commission of the City of Kingsville, Texas:

I.

**THAT** the City Commission approves and the City Manager is authorized and directed as an act of the City of Kingsville, Texas to execute Change Order No.3 for the Construction Contract for General Land Office (GLO) Community Development Block Grant (CDBG) -Mitigation (MIT) program via Contract No. 22-085-009-D237 Project 2: N. 19<sup>th</sup> Street -Storm Water Improvements Project between the City of Kingsville, Texas and R.S. ## **AGENDA ITEM #17**

SUBJECT: Emergency Purchase for the North and South Wastewater Treatment Plants Blowers

---

**Summary:**

This item authorizes the purchase of four Sulzer blowers from Global WET LLC for emergency repairs for the Wastewater Department's North and South Wastewater Treatment Plants (WWTP) blower systems.

**Background:**

In 2006, the City of Kingsville City installed two variable speed Turblex blowers, one at each WWTP. Keeping one original blower at each WWTP for a backup blower. Both treatment plants have been limping along on failing blowers for past few years, repairing the Turblex blowers has become a common electrical issue from replacing PLC's, relays to soft starts and is nearly impossible to get parts for repair.

The SWWTP Turblex, has been down for months and several technicians have come and gone out but have not been able to repair the unit. Final recommendation from Turblex is to replace the entire electrical system at a cost of \$139,660.00. The plant is surviving on the original 1970's Spencer backup blower. This blower was rebuilt about 8 years ago but has since had several emergency repairs.

The NWWTP is in a similar situation with the Turblex, it's working at about 55% and the original 1970's Hoffman backup blower is out of service due to a soft start/motor issue that has taken months of electrical analyzing to determine the issue. Lewis Electric has ordered a new motor and will be installing it on the North Plant Hoffman blower as soon as it is delivered.

Biological treatment (aeration) is one of the most important processes in a WWTP to maintain TCEQ permit compliance, and the equipment for both NWWTP and SWWTP are in critical condition with obsolete spare parts that are difficult to obtain.

Global Wet is a sole source supplier for Sulzer Magnetic Bearing Turbo Blowers and will install new blowers for the NWWTP (\$1,306,200.00) account 135-5-7001-71200 and SWWTP

**City of Kingsville**

(\$1,166,200.00 blower + \$25,420.00 expedited shipping=\$1,191,620) account 135-5-7002-71200. The total project cost is \$2,497,820.00.

**Financial Impact:**

Source of funding is the GLO MIT-MOD grant, Fund 135.

Below is the budget that has been setup for this grant

It is fund 135-GLO MIT Prog Grant Fund. We budgeted in FY 25-26:

- \$1,024,936 in 135-5-6002-71702
- \$441,817 in 135-5-7001-31400
- \$1,306,200 in 135-5-7001-71200
- \$1,191,620 in 135-5-7002-71200
- Total \$3,964,573

**Recommendation:**

Staff is requesting approval for the purchase and installation of four Sulzer Magnetic Bearing Turbo Blowers from sole source Global WET LLC for emergency repairs for the Wastewater Department's North and South WWTP blower systems.

# **AGENDA ITEM #18**

**City of Kingsville  
Engineering Dept.**

TO: Mayor and City Commissioners

CC: Charlie Sosa, City Manager

FROM: Charlie Cardenas, P.E., City Engineer

DATE: January 27, 2026

SUBJECT: Consider a Resolution Authorizing an Amendment to the Advance Funding Agreement (AFA) to a Transportation Alternatives Set-Aside (TASA) Program Project to Receive Additional Funding [2021 TASA Call for Projects (CSJ 0916-02-025) – Interschool & Residential Multimodal Connectivity]

---

**Summary:**

This AFA Amendment does two things. It changes the name of the agreement and increases the total contract amount.

**Background:**

The proposed amendment allows the State to allocate additional funds to the City for 2021 TASA Call for Projects – Interschool & Residential Multimodal Connectivity. The original budget for this project as awarded by TxDOT was listed at \$1,295,093.00. The remaining total from the awarded budget is \$0.00. An additional award of \$866,449.00 is being offered due to adjustments made to account for inflation and for underestimated material and labor costs. The amended contract will be for a new total of \$2,161,542.00. These improvements were to provide a safer route to school for those who use any non-motorized form of transportation. Aside from the monetary increase, the State wants to rename the agreement to "Advance Funding Agreement for a Transportation Alternatives Set-Aside (TASA) Program Project Utilizing Transportation Developmental Credits Both On-System and Off-System".

**Financial Impact:**

There is no negative financial impact to the City of Kingsville for this amendment. The amendment is to receive Federal and State funds and change the contract name.

**City of Kingsville  
Engineering Dept.**

**Recommendation:**

Staff recommends approval of the Advance Funding Agreement (AFA) Amendment for a contract name change and for additional Federal and State funds for 2021 TASA Call for Projects – Interschool & Residential Multimodal Connectivity.

TO: Mayor and City Commissioners  
CC: Mark McLaughlin, City Manager  
FROM: Rutilio P. Mora Jr, P.E., City Engineer  
DATE: January 23, 2023  
SUBJECT: Consider approving an Advanced Funding Agreement (AFA) for a Transportation Alternatives Set-Aside (TASA) Program Project from Texas Department of Transportation (TxDOT) for design and construction of ADA sidewalks, shared-use paths, bike lanes, crosswalks, and ramps.

---

**Summary:**

On January 9, 2023, the City received an Advanced Funding Agreement (AFA) for pedestrian and bicyclist improvements along S. Armstrong Street, W. Johnston Avenue and W. Caesar Ave. The Texas Transportation Commission passed a Minute Order No. 116126 awarding funding for this project on October 28, 2021 (page 2 of 19). The project federal funding is \$1,248,093.00 and the state funding is \$46,660.00 for a total project cost of \$1,295,093.00 (Attachment B). No City match is required. The City will be responsible for any cost overruns on the project. A map of the improvements is shown in Attachment A.

**Background:**

On April 14, 2021, the City was notified by TxDOT that the three Preliminary Applications in Step 1 were accepted, and the City can move forward with the Detailed Applications as part of Step 2. The deadline to submit Detailed Applications was June 14, 2021.

On February 8, 2021, the City approved a resolution for submitting Preliminary Applications of 2021 TA – Harrel Elementary & Memorial Middle School - Proposed Improvements, 2021 TA – Harvey Elementary School & Jubilee Academies -Proposed Improvements and 2021 TA – Kleberg & Epiphany Elementary School - Proposed Improvements. There is no financial impact in submitting the application.

On January 15, 2021, Texas Department of Transportation (TxDOT) issued the 2021 Transportation Alternatives (TA) Call for Project. The application is a two-step process. Step 1 submit a preliminary application by March 1, 2021. Step 2 submit a detailed

**City of Kingsville  
Engineering Dept.**

application by June 14, 2021. If funds are awarded, the City would be notified in the fall of 2021 and placed on a Conditional Project List for anticipated funding 2023-2024 of \$13 million.

Eligible TA Project Activities include bicycle infrastructure improvements, shared use paths, sidewalk improvements and infrastructure-related projects to improve safety for non-motorized transportation.

Project Evaluation and Selection Criteria includes Safety, Project Readiness, Geographic Equity, Connectivity & Accessibility, Community Support & Planning and Demand.

Costs not eligible for federal reimbursement include Planning Activities, Environmental Mitigation, Utility Adjustments, Landscape Improvements and Land Acquisition.

The City submitted 3 applications in 2021. Three project locations selected were Memorial Middle School/Harrell Elementary School, Harvey Elementary School /Jubilee Academies, and Kleberg Elementary School/Epiphany Elementary School. The submitted projects were funded and now the contract document between the City and the Texas Department of Transportation for the projects needs to be approved.

**Financial Impact:**

There is no anticipated financial impact. If project costs are over the application amount, the city would be responsible for the additional costs.

**Recommendation:**

Staff recommends approving the Advanced Funding Agreement for a Transportation Alternatives Set-Aside Program Project and authorizing the Mayor to sign the Agreement.

**Summary:**

The Police Department seeks approval through resolution to apply for funding through the FY2027 Office of the Governor Solicitation Body-Worn Camera Grant Program. This grant will continue to support our advanced body-worn camera technology and associated digital evidence management systems. These tools are essential to enhancing public safety, ensuring officer accountability and safety, and promoting transparency within our community.

**Background:**

Body-worn cameras have become a best practice for modern law enforcement, providing a critical tool to document interactions between officers and the public. Body-worn cameras represent a vital step forward in modern policing, bridging the gap between law enforcement and the community by fostering trust and accountability. This grant opportunity underscores our commitment to adopting best practices in public safety while responsibly managing city resources.

This program reflects our commitment to community trust by providing documentation of police activities while reducing the time and resources required for manual evidence handling.

DATE: January 30, 2026

SUBJECT: Edward Byrne Memorial Justice Assistance Grant Program FY2027

---

**Summary:**

The Police Department seeks approval from the Commission through resolution to reapply for funding under the Edward Byrne Memorial Justice Assistance Grant Program FY 2027. This grant was previously applied for and approved, and the department is requesting continued funding to support ongoing public safety initiatives.

These systems improve situational awareness, assist with investigations, and serve as a deterrent to criminal activity. Reapplying for this grant ensures the department can maintain momentum and continue leveraging prior investments made through this program.

This initiative remains aligned with the department's commitment to effective policing practices and community safety.

The VAWA Justice and Training Program is specifically designed to assist local governments in developing or expanding law enforcement and victim service capacities that improve the justice system's response to violent crimes against women. Approval of this application would allow the Kingsville Police Department to enhance its operational capabilities by dedicating personnel whose primary focus is family violence investigations and direct victim support.
